## \$500,000 Asked of Gould For Girl's Broken Heart

NEW YORK, Feb. 1.—(Existence of) A \$500,000 suit in which Kingdon Gould, youngest son of George J. Gould, is charged with breach of promise to marry Mrs. Richard Blum of Arkville, New York, was disclosed today in a report of supplementary proceedings in the supreme court here.

## Legal Help Can't Aid Heartaches, Says G. K. C.

NEW YORK, Feb. 1.—"Legal help cannot soothe heartaches." This is the opinion of Gilbert K. Chesterton, noted author and commentator upon human habits and frailties, concerning a story in today's news, in which a woman of Philadelphia has been awarded \$5 for each of the twenty years she wasted upon a man who finally jilted her to marry another.

## 400 Employees Of Gt. Western Power Co. Strike

Police Guards Detailed To Fire Stations; Vacated Places Will Be Filled

Details of policemen are on guard today at the five Oakland stations of the Great Western Power Company as the result of a strike involving 400 of the company's electrical workers which became effective this morning.

The strike is the workers' protest against a reduction in wages from \$5 to \$4.75 per day, which became effective today. T. C. Vickers, representing the International Brotherhood of Electrical Workers, was quoted today as having predicted that all of the employees of the company will have joined the strike by tonight.

The strike is the workers' protest against a reduction in wages from \$5 to \$4.75 per day, which became effective today. T. C. Vickers, representing the International Brotherhood of Electrical Workers, was quoted today as having predicted that all of the employees of the company will have joined the strike by tonight.

## RAIL BOARD PROBE BARES FARM GRIEFS

Ranchers Testify of Overcharges and Delays to Which They Are Subjected by the Power Companies

Penalties Proposed for Corporations Adopting Outlaw Tactics; Cheaper Service Remote, Senate is Told

SACRAMENTO, Feb. 1.—Railroad commissioners admitted today the legislative investigation of the commission was bringing out alleged conditions which they did not know existed.

Frank R. Devin and H. W. Brundage, commissioners, both said they were "surprised" to learn of conditions described by Sacramento valley farmers who have appeared before the probers.

Thousands of small consumers are monthly overcharged small amounts which would be useless to protest. Power company employees "lay down on the job" when working on a "cost" job, such as constructing a power line for a farmer.

NO EFFORT MADE TO PROTECT CONSUMER. No effort is being made to protect the consumer from alleged extravagance of public utility corporations.

SENATOR MILLER, ELK GROVE, said the commission had "forced" the Western States Power company to break its power contract with him.

P. B. Smith, Elk Grove, declared the power corporations overcharged the commission doing something to stop such tactics," he asked. "They can charge anything. When they're caught, they merely pay back the commission the overcharge and are not penalized."

"It's just like a burglar getting your watch and when he is arrested returning it to you on condition he will give you a free, said Senator Inman, chairman of the probers.

"In a case like this the railroad commission hasn't any way of stopping the power companies," asserted Hugh Gordon, commission attorney.

"In order to make them, we would have to make such an act a crime," he said.

SENATOR MILLER, ELK GROVE, said the commission had "forced" the Western States Power company to break its power contract with him.

SENATOR MILLER, ELK GROVE, said the commission had "forced" the Western States Power company to break its power contract with him.

## GERMANY IS STUNNED BY SUM ASKED

Reichstag Told by Foreign Minister That Terms Are Too Severe and Cannot be Accepted and Fulfilled

Indemnities Demanded Would Send Nation Into Bankruptcy is Plea of Bankers; is Denounced as 'Madness'

LONDON, Feb. 1.—"A canvass of all parties forecasts an overwhelming majority in the German Reichstag against acceptance of the allies' indemnity terms by Germany," said a Central News despatch from Berlin this afternoon.

BERLIN, Feb. 1.—Dr. Walter Simons, the German foreign minister, will tell the Reichstag at its session this afternoon, the Boersen Zeitung states, that Germany cannot subscribe to the allied reparations demands, on the ground that they are not possible of fulfillment.

BY ASSOCIATED PRESS. LEST WILL BE TO CHANGE. BERLIN, Feb. 1.—Germans regard the reparations terms decided upon by the supreme allied council in Paris last week as fantastic and impossible of execution, and it is the general opinion the government cannot agree to them.

"Madness" is the term leaders of the Reichstag used in discussing the reparations condition. Foreign Minister Simons declared the execution of the terms would "produce chaos" only in Germany, but throughout Central Europe as the bankrupt part of Germany's war creditors, among whom is France.

WORLD ECONOMIES IN BALANCE. "It is greatly to be deplored," he continued, "that the great American nation was only a bystander during the negotiations concerning reparations at Paris. The settlement of this question determines the fate of the world's economies and of world credit."

HERBERT GUTHRIE, of the Dresden Bank said "the reparations figures are absurd, and the tax levy on exports is absolutely beyond understanding. Germany would kill Germany's export business, and how does the entire export Germany to pay, if she cannot export her products?"

GERMAN FACTORS BROUGHT TOGETHER. BY FRANK L. MASON. International News Service Staff Correspondent.

BERLIN, Feb. 1.—The German cabinet in a long session presided over by President Ebert, reached the conclusion that the allied indemnity proposals cannot be discussed by Germany, and that the allied government should be arranged with the allies in an effort to reach a solution, according to the well informed Lokal Anzeiger today.

THE enormous sum of indemnity demanded from Germany by the allies has had the effect of healing, for the time being at least, the hostility between the various German political factions.

ALLIED TERMS ARE TOO SEVERE. IT WAS rumored that Dr. Simons might resign as foreign minister but this was denied by the Lokal Anzeiger. This newspaper pointed out that the allied leaders of the coalition and Socialist parties had agreed that the allied indemnity terms are of such a nature that Germany cannot enter into them.

THE newspapers were again filled with hostile comment, taking the view that the sum fixed by the allies is so big that Germany cannot meet it.

## Hears Dire World Predictions MISS EMILY SMITH, New York girl, who attended weird meeting at Tokyo at which Oriental seer foretold reign of terror for all nations but Japan.

## Japanese Seer, Gloomy Fellow Dire Fate for All But Nippon

SAN FRANCISCO, Feb. 1.—Holding the distinction of being the only woman to sit at the exclusive meeting of prominent Japanese statesmen, journalists and business men at the Peete Club in Tokyo, when Professor Donald Kogi, an Oriental seer, made his dire predictions for the future of all countries but Japan, Miss Emily Smith, New York girl, who arrived here on the steamer Sibiria from the Far East.

According to Miss Smith, Japanese newspapers were full of accounts of Professor Kogi's forebodings. It is his custom, she said, to divine the fortunes of Japan and other world powers, along with those of prominent Japanese individuals in political, scientific and social lines during the New Year's season.

In a room, dim from the smoke of burning incense, the seer, sitting cross-legged on a tatami mat, prophesied to his audience America is to experience an extremely unfortunate year.

"England, according to the professor," Miss Smith said, "will be sorely torn by international strife; France is to be obsessed with 'crop failures' and internal dissension; Germany is headed either for the devil or for prosperity at a break-neck speed; Russia will continue to be a nothing but a source of trouble and misfortune for the world at large; China will suffer from renewed droughts and experience a radical administrative change; but the empire of Japan is to be blessed by the gods, and it is the wish of the gods that Japan should be the center of the world."

Miss Smith, who is a student at the Peete Club, said she had been in Tokyo for several months, and had been attending the seer's meetings for some time.

## DREDGING TO BEGIN SOON, IS FORECAST

Present Congress to Provide Funds for Starting Work, Next Session Will Provide \$10,000,000, Capital Hears

Necessity for Speed Seen by Experts and Advocates of Defense of Pacific; Caine Wires C. of C. of Status

Prospects that the present session of Congress will appropriate enough money to start work on the Alameda naval base are reported in Washington today by Joseph E. Caine, managing director of the Oakland chamber of commerce.

Caine, in a telegram to the chamber says that he is assured that no time will be lost in the preliminary work of dredging and pier construction.

Chairman Fred A. Britten of the house committee of the joint commission, Caine wired, "assures me that he has strong hopes of securing sufficient appropriations at this session to begin work on dredging and pier construction."

GOLD PEN SOUVENIR TO COME TO OAKLAND. The gold pen and holder with which the members of the naval base commission signed the unanimous report in favor of Alameda is to be presented to the Oakland Chamber of Commerce as a memento of its winning fight. Britten is the donor of this gift, which is described as a handsome pen and holder, and will be sent to Oakland as soon as it is suitably engraved.

Congressman Britten, according to Caine, purchased the pen and holder as a formal presentation of it to the Oakland Chamber of Commerce as a tribute to the splendid fight made by the organization to have the Alameda naval base located in this city.

"Britten is said to be the one," Caine's telegram says, "who secured the passage of the whole naval base matter to the general board of the navy."

BRITTEN WANTS FRIENDLY ODDS. "He has been a strong advocate of San Francisco Bay from the start, and while his personal preference was for Hunters Point, he gladly accepted the judgment of the general board and stood firmly for the selection of Alameda."

"The friends of Mare Island on the United States side made a splendid fight for the retention of the old base, and finally accepted a compromise, which follows the plan of the Helm commission. That commission, the first to recognize the value of Alameda, chose Alameda—a choice which now has been unanimously confirmed by every investigating body—designated Alameda as the site of the new base, and the continuance of the present activities at Mare Island."

"Every member of this committee was guided by his sense of public duty and the result of their faithful and untiring work is one in which we can all rejoice."

"Personally, I am delighted to know that no effort will be made to discontinue the work at Alameda, and that the work will be continued under the same conditions. The report is in every way satisfactory to me."

CAUSE OF NAVY WON IN RIGHT. In a formal statement issued after the announcement of the unanimous decision of the committee, Caine said: "The cause of naval preparedness in the United States and the defense of the Pacific Coast won a victory in the decision of the naval base commission. The cause of the building of a great fleet base at San Francisco was won."

## Price of Gasoline in Missouri Drops

MAINTAIN CITY, Mo., Feb. 1.—A price of 12 cents a gallon for gasoline was fixed by the state board of prices here today. This is a reduction of 2 cents from the former price.

## Youth Kidnaped; Held For \$25,000 Ransom

TACOMA, Feb. 1.—Arthur Rust, 16 years old, son of W. R. Rust, one of the wealthiest men in the north-west, was kidnaped here today by a man and forced to write a note to his father for \$25,000 ransom money.

## California's Land Law Up to Harding

WASHINGTON, Feb. 1.—State Department officials indicated today that the solution of the question growing out of the enactment of the California anti-alien land law would be left to the Harding administration.

(Continued on Page 2, Col. 4.)

# EARLY APPROPRIATION LOOKED FOR

## ORDERS TO BEGIN WORK ON SITE FOR BASE EXPECTED

Joint Congress Slated to Provide Funds to Make Start on Dredging.

(Continued from Page One)

...which would not be available July 1, when the dredging is made they will be forthcoming.

**\$5000 EXPENDED IN**

...in the light to date naval base projects have expended \$5000, of which \$5000 was furnished by private sources and \$3000 by the Oakland city council. The money was for maps, surveys and the engineering of the various committees.

...boards of investigators.

...making the request of the supervisors the committee from the Chamber of Commerce read a telegram from Joseph E. Caine, who is in Washington, which read as follows:

"The cause of naval preparedness the United States, and the defense of the Pacific coast, won a signal victory in the decision of the base committee advocating

## Committee Gives Reason For Selecting Alameda

Here are the references to the Alameda base site as made in the report of the joint congressional committee:

"The joint committee recommends that the site offered by the city of Alameda be selected, with a view to the development of a naval base thereon."

"Notwithstanding many advantages of Hunter's Point on San Francisco Bay, and the persuasive reasons advanced in its favor, the committee believes the Alameda site on the opposite side is preferable."

"The large acreage at Alameda makes possible a naval base which will permit not only of drydocks on satisfactory pile foundations, berthing space, repair shops, etc., but also of shipbuilding facilities to an extent desired, base for fuel oil and coal and other naval supplies, aviation fields, training and other stations. This would give ample opportunity

for the development of an adequate naval base with all of its activities concentrated at one point.

"With such a base developed at Alameda the existing drydocks at Hunter's Point will still be available for government use in time of emergency."

"The site contains 5340 acres, of which 500 acres will be developed under the present plan. Nearly all of it is submerged and it will cost \$6000 an acre to dredge and fill the land."

"The navy yard at Mare Island is an excellent navy yard, well equipped and efficient, and should be continued in its present activities as a navy yard for construction and repair purposes as differentiated from an aviation and supply base, and the navy base to be established at Alameda should for the present be limited to an operating and supply base."

"The building of a great fleet base on San Francisco Bay."

"It is a matter of much gratification that the splendid gift of the people of Alameda was accepted in the early days of the selection conveying title of the site to the city."

"There is still much work ahead before actual victory can be considered won, but Alameda has scored on every point so far, and in due

CONGRESSMAN FRED A. BURTEN of Illinois, who has presented Oakland Chamber of Commerce with a plan which signed the report naming Alameda as naval base site.

Woman Narrowly Escapes Death In Boiling Water

(Continued from Page One)

elderly, found herself standing in a stream that swirled about her, dragged at her clothing, and pushed her toward the opening of a great storm-sewer that leads to the bay. There was nothing to do but hold her ground and shout for help. After what she says seemed hours a man heard her shouts, reached down the hole and pulled her out.

**WOMAN TAKEN HOME**

The fainting woman was taken to a dressing room, from whence she was taken home. Clothing was provided to take the place of that ruined in the dirt and - tar and she was able to make the journey to her home on a street car. It is said that she will not be able to return to her work for two weeks.

According to Mrs. Dearborn, she and other employees of the Pullman Company have been using the Southern Pacific entrance for several months.

"I have entered there every day for months," said Mrs. Dearborn, "and the manhole was never open before. It was not until I was in the passage and I could not see plainly where I was walking."

According to Mrs. Dearborn, it was a timely accident, for had it occurred an hour later she would not be alive today. At 8 o'clock a deluge of boiling hot water is turned into the manhole from the tank and runs for several hours.

## DRIVER IS FOUND DEAD AFTER HIS CAR HIT TRUCK

### Hotel Man Succumbs to Heart Failure Following Minor Collision.

When his automobile bumped into a truck standing in the street in front of the Piedmont garage, 4123 Piedmont avenue, shortly after noon today, Richard Jones, 66 years old, proprietor of the Boulevard Hotel, 4155 Piedmont avenue, died of heart failure, according to Dr. H. A. Makinson, his physician. Makinson rushed to the scene immediately after the accident.

Neither of the machines was injured. Jones was driving his car on Piedmont avenue, apparently turning into park along the curb, when he hit the truck with a slight jolt. Pedestrians who saw the accident hurried up to see if the driver of the car was hurt and were astonished to find him dead in the driver's seat. Dr. Makinson said that he believed the slight jar caused by the sudden stopping of Jones' car when it hit the truck was responsible for his death.

## RAILWAYMEN WILL OPPOSE KILLING NATIONAL PACT

### Abrogation of Agreement to be Fought Before Wage Board.

CHICAGO, Feb. 1.—Railroad employees will present their case against the plan of the railroads of the United States for the immediate abrogation of the national agreement between the roads and the railroad administration at public hearings before the railway wage labor board at 10 o'clock Thursday morning. The date was announced today following closely the sending of a message by B. M. Jewell, president of the railway employees' department of the American Federation of Labor, to President Wilson, attacking the position of the railroad executives and asking the President to intervene in the controversy over the national agreement and the contemplated cut in wages by some railroads.

Jewell and other union heads not affiliated with the American Federation of Labor, according to the railroads today, will at that time charge the railroads are not acting within the law in bringing their petition for the abrogation of the agreement and will ask the board not to consider it. They will charge directly that the railroads are asking abrogation of the agreement and reduction of wages solely for the purpose of keeping up present freight and passenger rates.

The charge that the railroads in many cases forced inefficiency and extravagance upon the men for the

## Third Brady Trial Jury is Completed

SAN FRANCISCO, Feb. 1.—The jury to try Thomas Brady for the third time for his alleged connection with the gangster band, accused of attacking James Montgomery and Juan Stanley Thompson, was completed at noon today. The taking of evidence began at 2 o'clock this afternoon. The jurors are: Miss Kate M. Heynand, 151 Bay-centennial avenue; Alvin Mitchell, 1224 Jones street; Edward Marth, 719 Dolores street; H. G. Klevenhul, 152 Sixteenth avenue; William G. Batton, 1308 McAllister street; William A. Kunkley, 4040 Franklin street; H. B. Miller, 550 Post street; Mrs. Margaret Sullivan, 27 Montezuma street; A. H. Cohen, 1279 Third avenue; Charles H. Picard, 663 Broderick street; Mrs. E. L. Cline, 168 Lexington avenue; William T. Baker, 3355 Twenty-third street.

## Entire Block in Chico is Burned

BY INTERNATIONAL NEWS SERVICE. LEASED WIRE TO TRIBUNE.

CHICO, Feb. 1.—Damage estimated at \$100,000 was occasioned here today when a breaking fire in a restaurant destroyed an entire block of one and two-story frame buildings housing stores and lodging houses. A boiler was blown by an explosion from this restaurant in which the fire started. It leaped across the street, where it clipped the corner off a hotel. No lives were lost and the loss is partially covered by insurance.

## Policeman, Kidnaped, Beaten and Robbed

BY WIRE TO TRIBUNE.

CHICAGO, Feb. 1.—Fred Schmel, a policeman off duty, and in plain clothes, was kidnaped, robbed of his automobile, beaten and held for two hours last night. When they saw his star they gave him a beating and threw him, blindfolded, from the machine, he said.

## Burglars Ransack, Rob Several Houses

While E. P. Cook and his family were away from their home at 1803 West street last evening burglars ransacked it and stole \$20 and an automatic revolver, according to a report made to the police.

Sneak thieves used a passkey to invade a room occupied by George Pierce at the Hotel Verdun, 1915 San Pablo avenue, and stole a suit of clothes.

Coins amounting to \$18 and a pilot watch stolen from the residence of A. Harris, 1435 Sixteenth street, last night.

James Watkins, 516 Seventh street, reported his room entered and a suit of clothes and a razor taken. A wrist watch was stolen from the home of H. I. Duane, 2717 Thirtieth avenue.

A sack containing \$82.65 was stolen from the poolroom of Charles Gloria at 8406 East Fourteenth street.

## Rivers and Harbors Bill Passes in House

BY INTERNATIONAL NEWS SERVICE. LEASED WIRE TO TRIBUNE.

WASHINGTON, Feb. 1.—The rivers and harbors appropriation bill was passed by the House this afternoon. The bill carries \$15,000,000 in lump sum, allotments to be made by the chief of engineers, for rivers and harbors maintenance and construction and \$250,000 for new survey work.

A substitute, offered by Representative Small, North Carolina, which carried a total of approximately \$24,900,000 with allotments made to various waterway projects, was defeated by a vote of 308 to 120.

## FUND OF \$10,000 TO MAKE RACIAL PROBLEM FIGHT

### Mass Meeting to Ask Congress to Protect State Against Oriental Invasion.

Resolutions were sent today to the secretary of state and representatives at Washington offering legal support, financial and otherwise in securing legislation to protect the state and nation from the so-called Japanese racial problem, by Maurice J. Bleuel, secretary of the Oakland branch of the Japanese Exclusion League of California, following a meeting held last night at the city hall at which plans were outlined to raise \$10,000 to carry on the work of the league here.

The meeting was attended by representatives of lodges and patriotic orders and the following officers were elected:

President—Senator A. T. Anderson.

Secretary—Maurice J. Bleuel.

Treasurer—E. F. Garrison.

Declaring that the battle against Japanese invasion has just started and that unless California presents a united front, the state will be lost, Senator Anderson and A. J. Shine, league chairman for Alameda county, issued a call for a public meeting to be held Friday evening at Judge Tyrrell's courtroom. Anderson and Shine were the principal speakers at the meeting last night and spoke on the Japanese situation and explained the purposes of the league's work.

The Japanese in California have raised a fund of \$100,000 and the imperial government of Japan has added another \$100,000 to this fund to propagandize the east against California, said Anderson.

To reap the benefits of the steps we have already taken, we must meet this counter movement of the Japanese.

At the meeting which will be held Friday night, facts will be presented which will make you gasp with astonishment.

Representatives of various parliors of the Native Sons, poets of the American Legion, Veterans of Foreign Wars, the Spanish-American War Veterans and other organizations attended the meeting.

The speakers included Donald McCune, city auditor, Harry Williams, county auditor, E. F. Garrison, Charlie Moranda and W. A. Kling, state director of the league.

## San Francisco News

SAN FRANCISCO Feb. 1.—

The body of Leland H. Smythe, 25, an army nurse and overseas veteran, is in charge of army officials today following her death yesterday in a private hospital from a dose of poison, which she took on January 15 in the belief it was aspartic tablets.

Shortly after swallowing the poison the young woman was taken ill in her room at a local hotel and removed to the hospital.

Since her return from the war zone Miss Smythe had been stationed at Camp McCoy. She came to this city early last month on a furlough.

W. A. Van Horn and Mrs. Rosetti Devenay who were shot by the woman's husband when he threatened the couple at 11th and Mission street Saturday evening will recover as a result, to the belief expressed today by police.

Both Van Horn and Rosetti were shot twice, wounds which will be given a hearing in the police court next Monday.

You make Sunday law fix you.

This is the threat that has been received by Supervisors Mulholland and Shinnon. The writing apparently was done by a foreigner and is similar to the style now taught in the public schools.

The Sunday closing law did not receive final passage by the board of supervisors yesterday.

It was referred to the police and judiciary committee for modifications.

Han Hong, San Francisco born Chinese war hero is in town today having arrived yesterday on a trans-Pacific liner from Canton with his young wife and two sons, Han Hui, 10, and Han Cong, 3.

The father was in China when the war broke out and he returned to San Francisco volunteered for service with the selective draft force and was sent to France. On route the transport on which Han Hong was aboard was torpedoed and he was in the water eighteen hours before he was rescued. He spent two years in active service in France.

Nickel is regarded as one of the most useful metals though it lacks the prestige of silver and gold.

## Wilson is Asked to Call Senate March 4

WASHINGTON Feb. 1.—A request from President elect Harding that a special session of the new Senate be called for March 4 to confirm cabinet and other appointments by the incoming executive was conveyed today to President Wilson.

Such a session is customary when there is a change of administration and it usually lasts only a week at most.

The call for the special session of the new Congress will be issued by Harding after his inauguration. It is expected that this session will begin either late in March or early in April.

## OFFER TO PAINT LOCKWOOD SCHOOL STIRS BOARD ROW

### Superintendent's Salary is Again Protested, Special Instruction Report

Supervisory work of the Oakland school department during the last semester, particularly in connection with the special instruction report, has been the subject of a report made to the board of education by the various supervisors or a total of 5382 hours of specialized instruction, according to a report compiled by Fred M. Hunter, superintendent of schools, on file today following its formal submission last night to the board of education.

The supervision of classroom instruction, Hunter's report said, is the most important professional function which the administrative forces of the schools can perform.

It is a function which is performed in the classroom and in the classroom teaching and insofar as it helps the teacher to better perform her great work of training children to be useful citizens it is a worthy task.

Starting with the question of painting the roof of Lockwood school and leading up to the reading of the letter from F. Graham against the superintendent of schools, the session of the board of education last night was enlivened by acrimonious talk.

Director Fred Campbell produced

## DEATHS

BAIN—In this city Feb. 1, 1921, Mary, dearly loved wife of W. W. Bain, and loving daughter of Mrs. Julia Bain, died at her home, 1225 12th street, of pneumonia, aged 55 years, 11 months and 20 days.

## Sabbath Made for Man, Says Dutch

THE HAGUE Feb. 1.—An indictment of blue Sunday advocates was returned in this report of a committee of the second chamber of the Dutch Parliament on a bill proposing to forbid amusement curtail train service etc. on Sundays.

The Sabbath was made for man not man for the Sabbath, said the report killing the bill. "The closing of the theaters and the prohibition of games would lead many to seek amusement in a less innocent way. The reduction of passenger traffic on Sundays would prevent people who were shut up in close homes and narrow streets all the week from enjoying fresh air and nature on the sabbath."

A print salesman who said he was willing to furnish the labor for painting the Lockwood school if the board buys the paint.

I'm for it, said Campbell.

Director Young denounced saying that if the money were used it would be taken out of the funds to pay the teachers.

You're doing politics, charged Campbell.

You're doing some kind of politics yourself, said Young.

CONFIDENTIAL

The confab that became more pointed until the subject was changed. The Graham letter against Hunter's recent appointment as superintendent at \$10,000 per annum was read and elicited comments from Campbell in favor of the letter.

Graham who is a contracting plumber submitted a long table of statistics which charged that Oakland was paying too high a rate per pupil for superintendence. Graham says his letter is no reflection

## RELIEF WORK IN TURKEY IS RISKY, SAYS OAKLANDER

Dr. G. T. Pomeroy Writes  
From Samsoun That He and  
Staff Are Detained.

Fears for the safety of Dr. George T. Pomeroy of Oakland, who is engaged in relief work with the Near East Relief Commission in Samsoun, Turkey, were allayed today with the receipt of two letters by Attorney Herbert L. Breed of this city. The letters are from Dr. Pomeroy and are dated November 4, 1926, and Jan. 4, 1927. They were both written from Samsoun, where the physician is in charge of a hospital conducted by the relief commission.

"The papers are saying alarming things," Dr. Pomeroy states in one of the letters, "about conditions here. Just now we are virtually prisoners, not being permitted to leave for Constantinople or the interior. The others are greatly worried. I am very busy and feel that it will soon blow over. The consul is with me. The dean of Robert College is a guest unable to get out. I fear no physical harm for any American, but would prefer to see all the women well out of it. I seem to have the best 'stand-in' of any person of these parts, but just now I fear to try any request as the governor has been ousted and a new set are in. A good many officials have been thrown into jail without a proper trial and soldiers are on all the streets.

"Everybody is packing a gun or dagger, even about their work. It had to disarm help up here in the hospital. Everybody is suspicious of the other fellow and shootings are going on frequently."

In concluding his letter, Dr. Pomeroy said he was well and feeling

## BANK DEPOSITS OF CHILDREN AT \$1,500,000 MARK

In responding to the nationwide thrift campaign, 24,000 school children of 300 city and county schools in Alameda county have saved more than \$1,500,000 in bank deposits and war savings stamps, according to Assistant County Superintendent of Schools Dave Martin.

The children have on deposit in one bank alone more than \$731,905, and they have bought in a few years some \$500,000 worth of war savings stamps.

Martin compiled the following figures showing how the country schools are responding to the thrift idea, and giving the savings made by students in the various schools:

Murray, \$10.40; Inman, \$187.72; May, \$93.83; Livermore grammar school, \$1081.60; St. Michael's, \$108.00; Mocho, \$124.00; Townsend, \$56.82; Summit, \$93.23; and Midway, \$200.00.

## TRIO SMUGGLES \$250,000 IN OPIUM TO S. F.

SAN FRANCISCO, Feb. 1.—Harley Griffith, Manuel Guzman and Jose Rernal, arrested last night as narcotic smugglers today in signed statements to police admitted having smuggled into San Francisco during the past year and a half in excess of a quarter of a million dollars worth of opium and they told the officers that \$75,000 worth of the drug is secreted in coal sacks on board the steamer Santa Inez, which arrived from South America yesterday. Customs officers are searching for this cache today.

The three men are believed by the police to be the principals of a gang that operated up and down the entire Pacific coast in smuggling narcotics into this country.

He said that some of the conditions in Turkey are worse than books describe.

## FUND INCREASED \$70,000,000 BY JOHN D. S. GIFTS

General Education Board of  
Rockefeller Foundation  
Makes Report.

NEW YORK, Feb. 1.—The general education board of the Rockefeller Foundation has increased its resources \$70,000,000 through gifts of John D. Rockefeller in the last year, the annual report says.

A fund of \$50,000,000 was donated to be used in assisting colleges to increase teachers' salaries and \$20,000,000 was given for the improvement of medical education.

The report said that up to July 1, 1926, the board had appropriated \$19,535,707 toward \$25,769,041 to be raised by institutions to meet increased salaries. A total of \$13,691,747 was contributed last year to medical schools.

Activities in cooperation with southern states in the field of rural and secondary education were continued and \$350,016 was expended for this purpose.

Total appropriations toward negro education amounted to \$2,231,333. The report said \$50,000 had been appropriated for the national society for vocational education for a study of art as related to industry.

## Break in Yosemite Pipe Line Repaired

Yosemite, Calif., Feb. 1.—Repairing work has been completed on the break in the government's pipe line in Yosemite caused by a heavy landslide into Merced river two weeks ago. Employees of the park service have worked almost night and day to build around the gap and when a large section of the great pipe to the government hydro-electric plant was carried away. Full power was restored yesterday after somewhat curtailed operation with current from the auxiliary plant.

The accident did not curtail the activities in the park where a steady stream of visitors is reported to gather with motion picture companies.

## State Fair School Premium List Out

Premium lists for the educational department for the 1927 California State Fair, September 3 to 11, inclusive, have been issued by Secretary Charles W. Paine. A total of \$257.50, not including trophies, medals, cups, etc., is offered to the school children of the state in premiums. Practically the same classification as was in issue last year will be carried out in 1927. Copies of the premium book are being mailed to all the schools in the state and additional copies can be had by writing to the secretary of the State Fair.

## SHIPYARD WORKER PRAISES VINOL

Tacoma, Wash., July 3, 1926.—"I am an employee of the Todd Shipbuilding Plant here in Tacoma, and take pleasure in stating the results I obtained from the use of one bottle of Vinol.

"I was in a general debilitated condition—lost my appetite, was troubled with nervous weakness, back and headaches, couldn't hardly get out of bed of a morning to go to my work. While relating my condition to a clerk in the Crown Drug Company one day he told me of Vinol and I decided to try a bottle. From the very first I felt a great deal better. Now I work every day, sleep fine, nervousness all gone and am in fine condition generally. Signed—Edson C. Rouse, Bismark, 62nd St., Tacoma, Wash.

Vinol is sold in this city by Osgood Bros., Drugists, 12th and Washington, 8th and 7th and Broadway.—Advertisement.

## ANCIENT BOX TRICK WORKED ON SANTA ROSA

SANTA ROSA, Calif., Feb. 1.—The latest victim of the ancient confidence game worked by the substitution of an empty box for one full of money is Antonio Bartoli, prosperous vegetable grower and retailer of Santa Rosa. He reported to the police yesterday that two plausible persons, claiming acquaintance with his relatives in San Francisco, induced him to draw \$2700 from a bank for investment in a safe undertaking with them. They placed \$2000 of their money in a box with his for safe keeping and left it with him. When he opened the box after his new acquaintances departed it contained three one-dollar bills.

## Armenian Refugee to Address Women

The luncheon in compliment to Mrs. Anna H. Dingilian, Armenian refugee and graduate of Lighthouse college, Harpoot, at Hotel Oakland, Friday, will be one of the notable events of the week. A large number of reservations have already been made by those who have been invited to meet the interesting woman and hear her story. Dr. Lincoln V. Felt, Fellow of the Royal Geographical Society, and Miss Blanche Mills, recently returned from the Caucasus, will appear on the program with Mrs. Dingilian. The committee requests that responses be made immediately.

Mrs. Maude Lane Anderson is chairman of the committee on arrangements. Patronesses of the luncheon are Mrs. Wallace M. Alexander, Mrs. Thomas Mitchell Potter, Dr. Susan J. Ponton, Dr. Aurelin Reinhardt, Mrs. A. S. Lavenson, Mrs.

## POLICE BAN ON S. F. DANCE HALL

SAN FRANCISCO, Feb. 1.—A police blockade has been placed against the Thalia dance hall at 514 1/2 Pacific street. The police commission last night ordered thirty North Beach dance halls, formerly of the "closed" type, out of existence.

The order followed a report from Commissioner Andrew Mahoney after a personal investigation. The dance closed were those of J. J. Soldavini, 415 Broadway; Victor Quarante, 15 Joma place; Louis Picardi, 530 Broadway.

The blockade of the Thalia resulted from a complaint made by Dave Harris, assistant surgeon at Fort Funston, who charged that he and a companion entered the place and were served a bottle of cider, for which they were charged \$7. He said when they objected to the bill they were threatened with violence.

J. H. Knowland, Miss Jeanne Gregory, Mrs. Hugh Hogan.

In the evening line will be Mrs. Thomas Hogan, Mrs. J. A. Vandergrift, Mrs. Lincoln V. Felt, Mrs. George H. Lavenson, Mrs. George T. Camille, Mrs. Mollie Connors, Mrs. Christine Taft, Miss Alice M. Brookman, Mrs. Ruth Valentine, Miss Anne Barber, Mrs. Anne M. Derbyshire.

## HAD TERRIBLE COUGH AND NIGHT SWEATS

Cough about gone, eats and sleeps well, and gained 12 pounds.

"In December, 1912, I had a fearful cough, and my physician ordered me to change climate. Immediately, I went to San Antonio, Texas, and entered a sanatorium. Left there and came to Oklahoma City in October, 1917. Had no appetite, could not sleep, had night sweats and was losing from one to three pounds a week. I also had a rash of the bowels, which the doctors had been unable to relieve.

Relatives urged me to try Milks Emulsion. I did so and began to improve, slowly at first but steadily. My weight has increased 12 pounds. I have no cough now, and my cough is about gone. I can eat heartily, sleep well and am working at my trade again."—V. W. Neff, 610 No. Dewey St., Oklahoma City, Okla.

A cure does wonders in debility of disease. If given the chance, Milks Emulsion is a powerful help in providing strength and flesh. It costs nothing to try.

Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. Chronic stomach trouble and constipation are promptly relieved.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 75c and \$1.50 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.—Advertisement.

\$600 Caracul Coat, 46 inches long, skunk trimmed. Now \$300

# DAVIE WILL PICK HIS OWN TICKET IN CITY ELECTION

Mayor to Take Stump to Put Stop to "Trickery and Updoo," He Says.

To end "the constant state of uproar and political trickery," which he says has characterized the city government, Mayor John L. Davie will take the stump in the coming city election and back those candidates for commission whom he will select in the next few days. Davie says that so far he is pledged to no candidate and that anyone using his name to this effect is guilty of misrepresentation. DAVIE MAKES STATEMENT

In a statement in which he declares his main object to restore business-like harmony to take the place of a "reign of political play and turmoil," he says: "It becomes necessary for me emphatically to deny statements and rumors of affiliation and support of certain enthusiastic aspirants for commissionships at the spring elections. Many unofficially announced candidates are seeking early endorsement from prominent citizens and using as an argument the false assertion that they have my unqualified endorsement. This is a misrepresentation and without object to my name. Whatever support I can give will be in plain unmistakable terms and then only to the candidates capable and desirous of a harmonious business-like administration to take the place of the present reign of political play and turmoil. To this end I hope to announce my support to candidates whose announcements will be made in a very few days."

FOO MUCH UPDOO There is no need for a blind silence on the subject. Our city government has been in a constant state of uproar and political trickery. Every citizen of Oakland is tired of it and the people throughout the country know the sad story since a combination of commissioners has carried on a campaign of news stories that have traveled far and wide to work an inestimable injury to the City of Oakland.

It would be a neglect of duty on my part to keep silent while these commissioners go before the people. For the past two years I have had nothing to say but a word of pity for the way this combination has put politics of the cheapest type ahead of public service. I consider it my duty to tell the people this story and to that purpose I will campaign in every section of the city that the people may be able to judge. HOUSE CLEANING NEEDED

The people are ready to join hands for a house cleaning. Merchants and business men realize more than ever that they must take a part in selecting officials while the small taxpayers are tired of paying for political manipulation.

In spite of charter limitations, the Mayor is held responsible in the minds of the people for the general conduct of municipal affairs. Having been in the minority and an object of personal attack by a combination of commissioners who, by their actions, have held themselves out to the public as solely responsible for our city government, I feel that I can perform no public service of greater value than to take an active part in this campaign.

PICKPOCKET ROBS WOMAN

SAN FRANCISCO, Feb. 1.—Pickpockets in a downtown department store opened the handbags of Mrs. Jacob Markowitz of the Hotel Herold today and abstracted her purse containing \$300 in currency and a \$50 check.

## Mrs. SELCHERT'S DAUGHTER

Was Restored to Health by Lydia E. Pinkham's Vegetable Compound

Horicon, Wis.—"My young daughter had been troubled with backache and a bad feeling in her stomach. She did not want to eat anything, while before she was so hungry she could hardly wait for her meals. The doctors gave her medicine but it did not help her. One day I was reading a little book of yours and it reminded me that when I was a young girl I took several bottles of Lydia E. Pinkham's Vegetable Compound. So she went to the drug store and got a bottle, and after taking the second one she could eat and has not had backache since. In all she took six bottles of it. She goes to school and on Saturdays helps with the housework. She is a normal, healthy girl now and we recommend your medicine. You have my permission to publish this letter as a testimonial for the Vegetable Compound."

—Mrs. FRANK SELCHERT, 150 Larabee St., Horicon Wisconsin.

Mothers all over the country have found Lydia E. Pinkham's Vegetable Compound to be a most reliable remedy for such conditions.

# JAPANESE WANTED U. S. WON'T STAND DUAL CITIZENSHIP

Teachers in Hawaii Are Told  
of Dangers of Divided  
National Allegiance.

HONOLULU, Jan. 23 (Correspondence of The Tribune). — "America cannot recognize dual citizenship," Prof. K. C. Leebick of the University of Hawaii, former alumnus of the University of California, said here in the course of a lecture on citizenship, delivered before the Japanese teachers' class, which was organized for the purpose of carrying out the provisions of the new foreign language bill, passed by the territorial legislature at a recent special session called for the purpose of considering the Japanese question in Hawaii. The bill puts the teachers and the course of study in the foreign language schools under the control of the department of public instruction, and is similar in its provisions to that introduced in the California assembly on January 23.

"American can recognize but one standard—absolute loyalty to our country, our government, our flag," Prof. Leebick declared. "We believe that this unity and loyalty requires one language, that of the Declaration of Independence, of the Constitution, of Washington's farewell address of Lincoln's Gettysburg speech."

"America has consistently upheld the principle of one citizenship. We went to war with Great Britain partly over this question. In 1812, and have tried by treaty and force to get other nations to do as we do. America believes that two nations may not claim a citizen's allegiance; that no person can be a citizen of two countries."

**MOTHER BRIDE'S RIVAL**  
HARTLEPOOL, England, Feb. 1.—The mother-in-law joke is revived when Mrs. Maudie, aged 19, brought suit in the West Hartlepool court for separation, alleging that her young husband was infatuated with her mother.

## Are Weak Nerves and Thin Blood Making a Failure Out of You?

Iron starvation of the blood weakens the will power, robs you of your bodily and mental vigor and often keeps you from making the money and success you should.

THERE ARE 30,000,000,000,000 RED BLOOD CORPUSCLES IN YOUR BLOOD AND EACH ONE MUST HAVE IRON.

When your blood is thin, pale and watery it loses its power to change food into living tissue, and NOTHING YOU EAT DOES YOU THE PROPER AMOUNT OF GOOD—you don't get the full strength out of it, and as a consequence you become weak, nervous, irritable and easily upset.

Also YOUR BRAIN BECOMES DULL AND HEAVY, your memory poor; your will power weakened; you can't think right and you are no match for the fellow with a keen, active, powerful mind.

It's the "man of blood and iron"—JIMMY STRONG, FORCEFUL VIGOROUS FELLOW, that make the money and become the great captains of industry.

When you get up feeling tired in the morning, when you can no longer do your day's work without being all fagged out at night, when your digestion all goes wrong, or you have pains across the back and your face looks pale and drawn, do not wait until you go all to pieces and collapse in a state of nervous prostration, until in your weakened condition you contract some serious disease, but consult your family physician and have him take a blood count of your red blood corpuscles, or test the iron power of your blood yourself, and make plenty of spinach, carrots, baked apples or other iron-containing fruits and vegetables to your daily food and take organic iron, like Nuxated Iron, like the letters N on every tablet. Your money will be refunded by the manufacturers if you do not obtain perfectly satisfactory results. At all druggists.

**ENRICHES THE BLOOD—GIVES YOU NEW STRENGTH AND ENERGY**

## POPULAR MOVIE MAN TELLS OF EXPERIENCE

Los Angeles Resident Says  
He Feared He'd Have To  
Quit Work But Tanlac  
Overcame His Troubles.

Still another Californian, in the person of Jacob Abraham, of 23 South Hill St., Los Angeles, popular actor, comes forward with his unqualified endorsement of Tanlac. Mr. Abraham takes prominent character parts in the famous Ince Studios at Culver City, and has a large following of picture patrons everywhere. His experience with Tanlac will be read with wide interest.

"It was beginning to look like I would have to quit work," he said, "and give up acting altogether, but since taking Tanlac I am unreservedly that I never felt better in my life."

"I was in such bad health I could hardly work and hadn't been able to eat a good meal in over a year."

# ESCAPE DEATH IN LABORATORY

J. F. Wagner, 1200 Canning street, and G. Adams, 1821 Fairview street, Berkeley, are recovering in the Central hospital today following an accident in the laboratory of the Lewis-Gilman-Moore Chemical Company, 761 Fifth at Ave. last night, in which they narrowly escaped asphyxiation. Overcome by the fumes of chlorine gas escaping through a leak in a tank the men were rendered unconscious.

Found in this condition by employees after they had been in the gas-filled laboratory for some time, they were revived by a pulmonologist, but their condition was so serious that they had to be removed to the hospital. The laboratory today was announced improved.

The tank containing the chlorine is about half the size of a wash boiler and may be fitted with arms. When the leak was discovered Wagner attempted to plug it, but was immediately overcome. Firemen, equipped with gas masks, entered the building and threw the tank into the estuary.

## Honolulu Moves to Build More Homes

HONOLULU, Jan. 24 (Correspondence of The Tribune). — Facing a housing shortage and the information that the half million dollar improvements at Pearl Harbor and the doubling of the military establishment on the islands might be delayed until officers could find homes to live in, Honolulu has taken the first step to build hundreds of cottages, bungalows and two-story houses. A half million dollar company has been formed by business men who will go ahead with a program of homes to sell for between \$800 and \$700 in three residence districts. This program is to be continued on a turn-over basis. Virtually all of the leading firms have contributed to the capital stock. The work has been in the hands of a large contracting firm. High prices of building material will be no deterrent.

**SAXON MONEY IS FORGOTTEN**  
DRESDEN, Germany, Feb. 1.—Porcelain coins of small denomination have been put in circulation in Saxony, superseding paper money. The coins can be washed and made to look like new.

# BOUNCE MOVES TO CUT WATER RATES IN CITY

Heavy Rainfall Reduces High  
Cost to Company, Says  
Soderberg.

City officials this morning took first action in an effort to reduce the water rates throughout the city. Taking the stand that the high rates were justified during last year's comparative drought, when the company had to pump from wells and employ extra labor and machinery, the City Council directed the city attorney to look into the entire situation and see if the abundant water supply and files of the Railroad Commission shall not give enough reasons to "determine the advisability of filing an application for new water rates."

The action was started by Commissioner Soderberg, who spoke of the reasons for the advance last year and asserted that those reasons apparently do not exist now. He said Chabot, Temescal and the other reservoirs seem to be well supplied with water, and there is no reason to delay action.

**PUMPS ARE IDLE**  
"I heard that two months ago they discontinued the operation of the pumping plants," said Soderberg. "The surplusage last year cost the city government nearly \$70,000, not to mention the regular charges," said Edwards. "Any saving is worth while."

The City Attorney was directed to act, unanimously by the Council. Soderberg's letter follows:

On October 11, 1919, in Decision 6755, the Railroad Commission granted an increase of water rates to the East Bay Water Company. One of the major factors leading to the granting of such an increase was the drought due to a subnormal rainfall of three years preceding the order. This lack of normal rainfall caused a diminished run-off and necessitated the East Bay Water Company obtaining the greater portion of its water by means of pumping. This in turn, due to the high price of oil and labor meant high operating cost.

**COST LESSENED**  
Since the date of this order the San Pablo project of the East Bay Water Company has been completed, also the rainfall has been above normal. It seems to me, therefore, that it is reasonable for the consumer to anticipate less operating costs, due to diminished pumping and to the greater utilization of run-off of surface waters, and therefore a material reduction in the water rates due to more economical operation.

It is evident that the Railroad Commission had in mind just such a situation as has arisen, because in its decision above cited, it requires the East Bay Water Company to file with the Commission, a statement showing in detail its gross revenue, operating expenses, draft upon sources of supply, water supply in its impounding reservoirs, pumping operations, bonds authenticated or issued, and details of expenditures for which bonds are issued. I deem it therefore advisable at this time that the City Council should direct the City Attorney to investigate and report back to this Council, at his earliest convenience upon the feasibility and desirability of at this time applying for the establishment of new rates for water, and petitioning for a decrease of those rates. The resolution accompanying this communication directs him to do so and I therefore urge the passage of this resolution.

## ALL THEATERS TO JOIN IN BENEFIT

In an effort to raise their portion of the amount pledged by theatrical men throughout the country for the Herbert Hoover drive for the support of starving children in Central Europe, moving picture theaters in Oakland, Berkeley, Alameda, and surrounding cities, will be thrown open for benefit performances Thursday afternoon and Saturday morning.

One performance will be conducted Thursday afternoon at 2 o'clock at all neighborhood moving picture theaters and the downtown theaters of Oakland will hold benefit performances of the same kind Saturday morning at 10 o'clock, in order that all Oakland school children may have an opportunity to help in the campaign. The performances have been approved by the state board of education and officials of various cities. Envelopes which will be distributed to the children by their school teachers and in which they can place any amount they desire—10 cents or more—will serve as admission. All theaters pledges of special interest to children will be shown. The proceeds of these performances will be turned over direct to the Central European relief committee, of which Herbert Hoover is the national chairman. Mr. Merriam Fleishacker and Frederick Koster are state heads.

The price of the average movie ticket will feed a starving child for ten days and a dollar will support the child for a month—according to statements at the meeting of the theater committee yesterday afternoon in the Hotel Oakland.

In order that every child may have the opportunity of attending one of these matinees, there will be a half holiday in the schools Thursday afternoon when every neighborhood theater will hold the benefit matinee.

## Girl Play Director Will Go to France

Miss Ruth Findlay, supervisor of girls' activities on the city playgrounds, will leave for France during the coming week to engage in recreation work under the direction of the Red Cross. She will be assigned to work in the devastated area and her work will include general playground activities and organization of girls' work. She expects to be in France by the first of March and to remain overseas a year.

**GENERAL MENUS SPOKE**  
BELGRADE, Feb. 1.—Bois Melnikoff, formerly a general in the Russian army in the czarist regime, has opened a shoe-maker's shop in Belgrade. He is a refugee from Russia.

**Cuban Elections to Be Held in March**  
HAVANA, Feb. 1.—Partial elections in districts where the courts of election boards have nullified the results of the presidential election last November will be held about March 1. Major General Ernest Crowder declared last night. These elections, he said, would be marked by absolute impartiality and would determine the next president of Cuba.

**JACK PICKFORD MUST NOT RUN AUTO FOR YEAR**  
SACRAMENTO, Feb. 1.—Charles Chenu, superintendent of the state motor vehicle department, rescinded yesterday the operator's license of Jack Pickford, movie star. Pickford is forbidden to operate or assist in operating a motor vehicle in California for one year. The penalty was inflicted when a Los Angeles court called the superintendent's attention to the fact that Jack had been arrested and convicted of speeding on three different occasions during 1920. Pickford will not be permitted even to drive an automobile in any of the pictures in which he may be filmed in California this year. Say you saw it in The Tribune.

**Liner Cedric Returns to Liverpool Service**  
LONDON, Feb. 1.—The White Star liner Cedric has just returned to Liverpool after a seven months' overhauling in Belfast yards. Harland & Wolff have now turned her out as one of the most luxurious Atlantic liners afloat. She has been fitted with a sumptuous veranda cafe and numerous staterooms have been added.

"Every Picture Tells a Story"

# Has Your Back Given Out?

ARE you dragging along day in and day out with a dull, throbbing headache? Do you feel lame in the morning, tired all day; suffer sharp, torturing twinges at every sudden move? Then there's something wrong! So why not find out what it is and try to correct it? You may never have suspected your kidneys, yet often it's the kidneys that are at fault. A cold, strain, or overwork congests the kidneys and slows them up; poisons accumulate in the system and many mysterious aches and pains result. You may have headaches and dizzy spells, too, with perhaps some annoying bladder irregularity. Don't wait for more serious trouble. You owe it to yourself to get well and stay well. Use Doan's Kidney Pills. They have helped many Oakland folks. They should help you. Ask your neighbor!

**These are Oakland Cases:**

<b>Thirty-Fifth Avenue</b> Mrs. Harriet Youlkes, 1738 Thirty-fifth Ave., says: "I can give Doan's Kidney Pills the highest praise. My kidneys were weak and if I overworked or took cold, it settled on my kidneys. I felt tired and dull mornings and had no energy. My back ached considerably and I often had headaches and the action of my kidneys was irregular. A short use of Doan's has never failed to give me quick relief from these attacks and strengthen my back and kidneys."	<b>Cavour Street</b> W. B. Gillin, 424 Cavour Street, says: "I bent over and when I went to straighten up, sharp, knife-like pains struck me in my back and almost took my breath away. My kidneys bothered me and I had a lump in my back and every muscle of my back weakened. Doan's Kidney Pills were recommended to me and I began using them. The cure that I had then one box made has lasted." (Statement given April 23, 1917.) On January 14, 1920, Mr. Gillin added: "If I have the least sign of kidney complaint, Doan's are sure to give prompt relief."	<b>Eighty-Third Avenue</b> Mrs. C. Doloff, 1703 Eighty-third Ave., says: "I am glad to say a good word for Doan's Kidney Pills. I know from experience they can't be beat. A spell of the influenza left my kidneys weak and I suffered with a constant backache. My work was a burden and frequent dizzy headaches made me miserable. The action of my kidneys was irregular and caused annoyance. I read of Doan's Kidney Pills and used them. It was not long before I was feeling like myself again. The backaches left and I was free from the headaches and dizziness."

# Doan's Kidney Pills

Every Druggist has Doan's, 60c a box. Foster-Milburn Co., Mfg. Chemists, Buffalo, N. Y.

**"They WORK while you sleep"**

Don't stay bilious or constipated with your head dull, your stomach sour, gassy, upset. Take one or two Cascarets tonight sure for you sleep and bowels and wake up clear and fit. Children love Cascarets too. No gripping—no inconvenience. 10, 25, 50 cents.

**MOTHER!**

**"California Syrup of Figs"**  
Child's Best Laxative

Accept "California" Syrup of Figs as the standard for the name California on the package, for you are sure your child is having the best and most harmless physic for the little stomach, liver and bowels. Children love its fruit taste. Pull directions on each bottle. You must say "California."—Advertisement.

**Lose Your Fat Keep Your Health**

Superfluous flesh is not healthy, neither is it beautiful. To diet or exercise too much for reducing the excess body fat, three or four pounds a week is the Marmole Method, tried and endorsed by thousands. Marmole's Prescription Tablets, containing exact doses of the famous prescription, are sold by druggists at ten cents a box, or if you prefer, you can obtain them by reading direct to the Marmole Company, 4615 Woodward Ave., Detroit, Mich. They are harmless and have no weakens or flabbiness. They are popular because effective, and convenient.—Advertisement.

### TWO RUSSIAN GIRLS HELD AS SPY SUSPECTS

Federal Operatives Detain Sisters at Angel Island For Investigation.

SAN FRANCISCO, Feb. 1.—Out at Angel Island two Russian girls, Corolla and Isabella Friede, sisters, are waiting for word from Washington which will release them and allow them to proceed across the continent to New York, the goal of their trip to America.

As the Siberia Maru from Yokohama nosed her way through the Golden Gate two Department of Justice operatives clambered aboard and informed the sisters that they were to be detained at Angel Island by orders from Washington. They are held under suspicion of being secret agents and emissaries from Soviet Russia.

**EN ROUTE TO NEW YORK**

The sisters were en route to New York to visit their uncle, Sigmund Friede, 128 Broadway, former agent of Russia for the purchase of Ford automobiles and trucks.

Orders to detain the sisters came from the State Department at Washington. Local agents said they were merely acting upon advice from Washington.

When Corolla, who is 17, and Isabella, 21, were escorted to the purser's cabin by Department of Justice operatives and questioned, they denied that they were agents of Soviet Russia.

**"WE ARE DANCERS"**

"We are dancers," said the youngest sister. "The idea of our serving as spies after what we have been through."

Isabella served as a Red Cross nurse with the Soviet army. She said she did this under coercion and quit when the opportunity came. She said her family was wealthy in Petrograd before the revolution. The father joined the "White" army and the mother and daughters joined him at Harbin after a perilous flight from the Soviet forces.

The sisters had planned a cross-continent journey on a modern railroad, about which they have read much.

"I want to see what it's like to travel in your country," said Corolla. "I have read so much about it and I want to see your great New York."

### DELAWARE LASH BANDITS ON BARE BACK

DOVER, Dela., Feb. 1.—The Delaware State Senate today passed a bill making the penalty for highway robbery forty lashes on the bare back, not less than twenty years' imprisonment and a fine of \$500. The vote was unanimous.

### Y. W. C. A. TO OPEN \$60,000 DRIVE

A \$60,000 budget campaign will be conducted February 14-21 by the Young Woman's Christian Association, according to the announcement of Mrs. John J. Valentine, president, before members of the Rotary club yesterday. Norman de Vaux was host at the luncheon given in the Y. W. C. A. auditorium when the association leaders presented the work of the organization and their plans for the future. Miss Ava B. Blank, campaign director of the national board, Y. W. C. A., and a staff of trained women have come to Oakland to assist the local association in putting over the project.

That more than 6000 Jugo-Slavs make their homes in Oakland in addition to the thousands of other men and women of foreign birth was the declaration of Mrs. Edwin Pond James, executive secretary of the International Institute in West Oakland, a department of the local work. Close cooperation with Ellis Island enables the Oakland workers to reach the foreign born who come into the city, she told the men. The institute was represented by Miss Teresa Guerrero, Mexican worker; Mrs. K. Sabatnik, Jugo-Slav worker; Mrs. Julia Lucia, Italian worker; and Kura Otani, Japanese worker.

Adjustment of the employed girl to the position which best suits her was declared by Miss Ethel G. Abbott, employment secretary, to be the object of her department.

More than 6000 girls are being served through the industrial department, according to Miss Elizabeth Mitchell, industrial secretary. A survey of the business women in Oakland is being undertaken by the Business Girls' City club. In the Girl Reserves an excess of 600 students and young employed girls are registered, according to Miss Marjorie Armstrong.

Failure to raise the \$60,000 budget will result in curtailment of work, the dismissal of some of the agencies and closing of important departments, Miss Blank told the Rotarians.

### ATLANTIC FLEET CREWS GUESTS OF PERU'S CAPITAL

Four-Day Entertainment Program Opens; Admiral Wilson Banqueted.

LIMA, Peru, Feb. 1.—Officers and sailors of the American Atlantic fleet today entered upon a four-day program of entertainment arranged in their honor by the Peruvian Government and the people here.

Official calls were exchanged by Admiral Wilson and Peruvian officials and this afternoon a luncheon was tendered to Admiral Wilson and his staff by the Lima Jockey Club, followed by horse racing.

President Leguia will be host at a state banquet in honor of Admiral Wilson at the Government palace tonight.

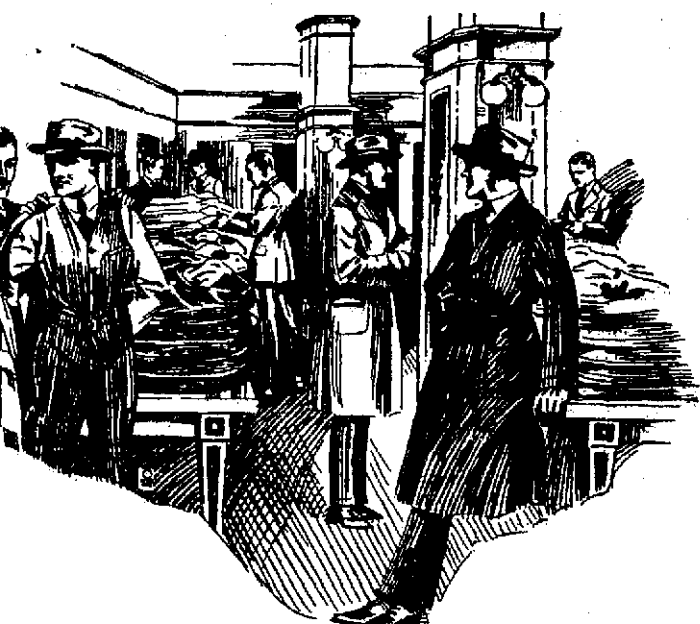

**SEVEN SHIPS ARRIVE**

CALLAO, Jun. 31.—Seven Atlantic fleet battleships led by the flagship Pennsylvania arrived here early this afternoon and received a noisy welcome from large crowds along the shores and from small craft in the harbor. Eighteen destroyers and several supply ships reached Callao ahead of the main fleet. A fog delayed the fleet completely during the last stages of the trip from Panama.

The Hindustani word "pacnama" means log clothing, and applies to the thin loose trousers tied around the waist, which are worn by Mohammedan men and women.

### 25% off ---Many items now reduced 30% and 40%

To see a furniture store crowded day after day at this time of the year shows that the offerings must be of an extraordinary nature, and that the buying public knows when a real opportunity presents itself. This chance to get the needed home furnishings at savings of 25%, and in many instances 30% and 40% is an even greater opportunity than most folks realize. For, notwithstanding the fact that Furniture manufacturers announced reductions of 15% to 25% for January 1st, when the furniture buyers throughout the country assembled at Grand Rapids early this month, but few reductions were in evidence. We can safely say that not for many months will you be able to equal values such as we offer in this Sale.

**Values like these in all departments of Store, Cash or Credit**

## brand new Piedmont Homes For Sale

This firm is an active member of the Better Business Bureau of Oakland. As such its statements may be relied upon as being truthful and conservative.

- All these are brand new Piedmont homes which leave nothing to desire, in location, originality, or finish. Each has a character and charm of its own, and all contain many original attractions. An hour spent with one of our representatives in inspecting these new homes will be well employed. It would cost 20 per cent more than the selling price to duplicate any of these homes singly.
- \$4750.00**—50 ft. lot; 6 rooms; 2-story cement; 3 bedrooms; hardwood floors.
- \$5200.00**—50 ft. lot; 5-room cement bungalow; cozy, convenient and attractive for young couple. Terms.
- \$9500.00**—50 ft. lot; 8 rooms; 2-story cement; 3 bedrooms and sleeping porch; hardwood floors.
- \$9500.00**—50 ft. lot; 2-story; 8 rooms; cement; 3 bedrooms and sleeping porch.
- \$12,500.00**—3 rooms; 3 bedrooms and sleeping porch. Large living room, sun porch, maid's room and bath. Furnace for either coal or oil. Instantaneous water heater. Hardwood floors. Garage.
- \$16,000.00**—8 rooms; 2-story cement; 4 bedrooms; living room 12x23; dining room 15x16. White enamel interior. Hardwood floors. Garage.
- \$20,000.00**—75 ft. lot; 10 rooms; 3 bedrooms and sleeping porch; sun deck; 3 baths with tiled floors; maid's room with bath; furnace, water heater; garage; hardwood floors.
- \$20,000.00**—8 rooms; 2-story cement; living room 12x23; dining room 15x16; 4 bedrooms; furnace; hot water heater; garage.
- \$22,500.00**—85 ft. lot; 10 rooms; sleeping porch; 3 bedrooms; 3 bathrooms with tiled floors; maid's room with bath; furnace, water heater; garage for 2 cars. Hardwood floors.
- \$35,000.00**—75 ft. lot; 10 rooms; 2 baths; dressing rooms; 2 maid's rooms and bath; reception hall; living room with pergola and fountain; 3 bedrooms; 3 sleeping porch; garage for 2 cars; hardwood floor.
- \$50,000.00**—Wonderful chance to purchase wonderful home in Crocker tract. Owner forced to sell on account of change in business plans. Price of \$50,000.00 is much less than actual cost. The interior is beautiful and conveniently arranged for a family of four to eight. It is just completed and has every modern convenience.

## EASTBAY PEOPLE WIN STAGE FAME

Oakland is furnishing writers of stage and screen productions as recent records of a number of men and women from this city will attest. Some of the accomplishments of local persons are mentioned in a letter received from Milton Schwartz, playwright, who is in New York.

Emil Kruschke, now known as William Nigh, a Berkeley high school actor of twenty years ago and writer of a Junior Parce at the State University, is now a motion picture director, one of his more famous films being Gerard's "Four Years in Germany."

Walter De Leon and Mrs. De Leon (Muggins Davis) have left the stage since the birth of Mary De Leon and he is now free lance. A story of his appeared in Everybody's this month and he has sold a play to another magazine. In addition Bert Williams has purchased a musical show from De Leon, who sells stories and sketches to stage people. Frank Mandel, Schwartz says, is co-author of the books for three musical shows which are successes in New York. One, "Mary," is one of the big hits of the year. After being stage manager for Maude Adams for five years and for one year manager for Henry Miller, William Barton is preparing to play in a one-act piece for big time vaudeville.

## St. Joseph's Club Will Hold Dance

A pre-Lenten informal dance in aid of St. Joseph's Athletic club will be held in the Colonial ballroom of Maple hall, Webster and Fourteenth streets, next Friday evening. Representative men and ladies are serving as patrons and the function will be the final one till the termination of the Lenten season. The dance is planned to lessen as much as possible the burden of remodeling the club's gymnasium. Arrangements to accommodate the large attendance advance reservation assured, are being formulated by the committee in charge.

In charge of the ball will be: Honorary chairman, Supervisor John F. Mullins; acting chairman, President William J. Hamilton of the Board of Supervisors and Miss Catherine A. Mullins, just president of the Girls Auxiliary.

## Elder Lectures for February Announced

Paul Elder has arranged an interesting program for the February series of Saturday afternoon lectures to be given in the Paul Elder Gallery, and free to the public. Following is the list:

Saturday, Feb. 6—Edmund Pinchon, author and lecturer, "The Philosophy of Mysticism."

Saturday, Feb. 12—Katherine Edson, "Growth in Motion." Demonstrated by Miss Edson and Miss Alice.

Saturday, Feb. 19—Arthur Bridgman Clark, professor Art Department, Stanford University, "Art Principles in House Building."

Saturday, Feb. 26—Fritzie Remont, graphologist, "Renewing Acquaintance with an Old Science."

## WOMEN of Great Eastbay

## Many Dances For Month Of February

Wednesday evening informals are planned by the Claremont Country Club for the month, the dinners to be served between the hours of 7 and 10 o'clock and later dancing. At these affairs the members will entertain only in small parties numbering not more than a dozen. The dances will be held in the rose room. They will serve to brighten the Lenten season when social affairs will be somewhat at the wane.

An Intersocial dance of the Sophomores at the University of California will be held Friday evening about four hundred to be in attendance from the University set.

This afternoon a bridge was given by Mrs. Louis G. Hennes and her mother, Mrs. Alfred E. Ellis, at the Claremont Country Club. About eighty guests played bridge, after which tea was served. Saturday evening Mr. and Mrs. Hennes gave a dancing party for forty of the married set.

An informal dance will be given at the Sigma Xi Chapter House in Berkeley Friday evening, about forty couples to be guests.

## Phi Sigma Kappa DANCE AT CLUB

Friday evening, February 11, two interesting dances are to be given at the Claremont Country Club. Mr. and Mrs. L. L. Simpson will entertain sixty guests in the dining room. Meanwhile in the ballroom a dance will be enjoyed by members of the Phi Sigma Kappa and their guests.

Mr. and Mrs. Charles Keeney are to entertain with an informal supper at their home Sunday evening, February 6.

## A Luncheon and bridge will be given by Mrs. Kenneth C. Gills at the Claremont Country Club.

Saturday evening, February 12, a dinner dance for sixty will be given by A. T. Bailey at the clubhouse.

The Berkeley Assembly will hold a special party the evening of February 13, at the Twentieth Century Club. Mr. and Mrs. Frank Strincham will be dinner hosts before the dance, and from several other informal parties at the hotel.

Mr. and Mrs. Walton Nicholls are receiving congratulations from their friends following the birth of a little daughter last week at the Eastbay Sanitarium. Mrs. Nicholls was a former college girl.

## EN ROUTE TO NEW YORK CITY.

Mr. and Mrs. Robert Knight and Miss Claire Knight left yesterday for New York and will remain there several weeks before their departure for Europe.

## SCHOOL SET IS ENTERTAINED

Miss Janice Clark was hostess to more than fifty members of the high school set at her home last Friday evening. The "Creole Quar-

## MISS JANICE CLARK, who was hostess at a high school dance last week. —Hartoon photo

ter" furnished the music of the evening. The dance was given in honor of Miss Clark's graduation from the high school. Among the guests were: Misses Edna Cavendish, Elsie Boardman, Gertrude Wheeler, Sarah Dudley, Dorothy Leighton, Margaret Galbraith, Eleanor Galbraith, Dorothy Ruth, Elizabeth Kenbrook, Ruth Bonner, Alexandra Herberich, Natalie Sherburne, Alice Schlesson, Roschard Lane, Elena Corinne Brandenburg, Deryl Sale, Laura Harrah, Rue Felden, Mina Knowles, Virginia Carbach, Mavis Burke, Marian Winchester and Janice Clark.

## Prohibition Did Not Injure Grape Men

CLEVELAND, Feb. 1. — That prohibition did not ring the curtain down on the grape industry was the opinion of delegates attending the recent convention of the National Grape Growers' Congress here.

"Though we lost the sour wine trade," L. G. Young, grower of Brice county, Pa., declared, "there has been such an insistent demand for grapes for the making of home made wine by the foreign elements, who are wine drinkers, that the price of grapes is higher than ever before."

Last season grape prices reached top marks, about \$200 a ton, it was said. In 1919 they were \$80 a ton, and in 1914 about \$36 a ton.

W. O. Johnson, of Geneva, O., president of the organization, said the shortage of cures last season caused great loss to the growers, because large quantities of fresh fruit were allowed to spoil due to inability to ship.

## British Army Abolishes Rank of Brigadier

LONDON, Feb. 1. — The rank of brigadier general in the British army has been abolished. Officers holding that rank will henceforth be known as colonel commandants.

## Save Redwoods Is Appeal of Women's Clubs

By EDNA B. KINARD.

Save the Redwoods of California! It is the cry of the organized women throughout the state. The Redwood Women's Club has set about the practical business of seeing that the men who have the power also have the knowledge and in their possession the demand of their constituents to do something about it.

On the 10th of the month of an official communication from the east end organization was presented each member of the Alameda county delegation to the state legislature when Oakland Civic Center on Saturday assembled them at the Hotel Oakland in the biennial legislative luncheon. In the passage of the bill calling for an appropriation of \$300,000 for the purchase of millions of redwoods in Humboldt county along the highway was urged.

The measure was introduced into the senate by Senator Hans Nelson and into the assembly by Assemblyman Cummings of Humboldt. A year ago Alameda district, C. F. W. C., meeting in Alameda at the Hotel Oakland, a stirring appeal on behalf of the Redwood Women's Club adopted resolutions which authorized the campaign in the interests of conservation of these particular forests.

The Redwood Women's Club, organized by the Redwood Women's Club, adopted resolutions which authorized the campaign in the interests of conservation of these particular forests.

The close proximity of this State highway to the bay region is offered as a reason for the urgent interest of the Alameda county delegation in preserving the redwoods which line it.

The communication is signed by Mrs. Lucille C. Young, president of conservation of the local club; Mrs. May Crocker, Alameda district, C. F. W. C., with the following officers: President, Mrs. Dow C. Gold; Vice-president, Mrs. D. C. Young; Secretary, Mrs. O. J. Jansky; Corresponding Secretary, Mrs. M. Alexander; Treasurer, Mrs. W. B. Yale.

What policies will be pursued by Alameda County Federation of Women's Clubs will be determined to a large extent by the meeting of the elected officers met in executive session at the Hotel Oakland. Mrs. L. R. Rosenberg of Hayward, county president, has called together the officers preliminary to initiating the active work of the newly formed group. Presidents of the federated organizations automatically become vice-presidents of the county body. The elected officers are: President, Mrs. Rosenberg; vice-presidents, Mrs. R. C. Young, Mrs. Frederick G. Atherton; treasurer, Mrs. George A. Riggs.

The automobile will dominate the plans for the annual convention of Alameda district, C. F. W. C., which will assemble all the women who can steal away from home duties in Antioch during the early May days. Already it is whispered that the annual dinner will take the delegates fourteen miles away from the convention city, with Byron Springs lending the unusual setting for the big links. Those who have cars will take them along to Antioch and those who have not will find no difficulty in commandeering a suit. Delightful runs into the country about will mark the adjournment of every session.

Mrs. Claude Leech, district president, has already become deeply immersed in convention program plans.

Citizenship as the Americanization program is now more happily termed will be launched immediately throughout Alameda county by Mrs. George Tucker Gamble, chairman, working in co-operation with Mrs. Edwin Pond James, district chairman. With the naming of sub-chairmen to serve in each city the plan outlined by Mrs. Mary S. Gibsen, state chairman, will be put across. Assembling county exhibits of the arts and crafts of the foreign born residents; cataloguing the folk songs and dances, compiling the biographies of the men and women of foreign birth who have contributed to the community's or state's development, will be undertaken. Those who will assist Mrs. Gamble in her task are: for Oakland, Mrs. Frank Boren, Mrs. L. F. Helmond; for Berkeley, Mrs. E. K. Foss; for Alameda, Mrs. Fred Baker; for Niles, Mrs. F. Y. Jones; for Hayward, Mrs. Leroy Pratt; for Livermore, Mrs. Herbert Lee; for San Leandro, Miss Susie A. Datzel; for Piesanton, Miss Elsie Trimmingham.

The significant events on today's club calendar were the publicity luncheon. The Redwood Women's Club entertained Mrs. W. A. Fitzgerald, first vice president of the California Federation of Women's Clubs, and a half dozen of the local newspaper women; the Ethel Moore Memorial address by Miss Annie F. Brown and foreign stu-

## To Make Hairs Vanish From Face, Neck or Arms

(Beauty Culture)  
Keep a little powdered delatone handy and when hairy growths appear make a paste with some of the powder and a little water, then spread over hairy surface. After 2 or 3 minutes rub off, wash the skin and it will be entirely free from hair or blemish. This simple treatment is unobtrusive, but care should be exercised to be sure and get genuine delatone, otherwise you may be disappointed.—Advertisement.

## Used for 70 Years

Thou its use Grandmother's youthful appearance has remained until youth has become but a memory. The soft, refined, pearl white appearance it renders leaves the joy of Beauty with you for many years.

## Oriental Cream

those upon whom it bestowed its favor. Ethel decided the important question of membership in the county Federation and revision of its by-laws. Mrs. James Warren Comstock arranged a patriotic program for the mothers in which Mrs. Charles H. Gifford, of San Francisco, and a group of children from the Longfellow school participated. Election of officers is scheduled for the writers group tonight in addition to the address of Miss Rebecca Porter.

**Poles Buy Picture to Satisfy Pride**  
VIENNA, Jan. 12.—The painting entitled "Reichstag," a canvas by the Pole, Matejko, has been sold to the Polish government by Austria, not primarily to bring some money into the Austrian treasury, but to satisfy Polish national pride.  
It pictures the scene in Warsaw, in 1795, when the Poles, under the force of Russian pressure, renounced their right to have their own parliament.

**Mining Engineers to Aid Prospectors**  
ANCHORAGE, Alaska, Feb. 1.—Appointment of five federal mining engineers in Alaska to aid prospectors has been recommended by Governor Thomas Riggs, Jr. The engineers would be stationed at Juneau, Cordova, Nome, Fairbanks, and one other point.  
Prospecting and mining development would be stimulated by the assistance given prospectors by the engineers, the governor believes.

**LOOK OUT FOR RAIN, WARNING OF FRA RICARD**  
Prophet-Priest of Santa Clara Foretells a Wet February.

**ALASKA M. D. IS HALF WAY OVER 800-MILE MUSH**  
ANCHORAGE, Alaska, Feb. 1.—Dr. Pearson, who with dog sleds, is racing for Iglood to the bed-side of Claude Baker, reported seriously ill, was reported to have reached Port McRobson, the half-way point, Friday night, three days ahead of schedule. The party has covered more than 400 miles of the journey, through blizzards and low temperatures, traveling night and day.

**ALL DRUGGISTS SELL IT**

**BAYER Aspirin**

Handy tin boxes of 12 tablets cost but a few cents—Larger packages.

Aspirin is the trade mark of Bayer Manufacture of Monacellulosecolor of Salicylic acid

**Stephens Refuses to Debate Measure**  
SACRAMENTO, Feb. 1.—Governor William D. Stephens has telegraphed to the California Bankers' Association, headquarters at San Francisco, refusing to enter into a public debate on the merits of the King bill in the legislature which proposed to raise by approximately one-third the taxes paid by public service corporations of the state, including banks.

**Blaze in Fresno Does \$35,000 Damage**  
FRESNO, Feb. 1.—Fire of unknown origin breaking out shortly before 10 o'clock last night in the Fresno Auto Paint Company's shop at 817 Broadway, the stored for a time in the business block, causing three deaths to be turned in and damaging the building and adjacent property to an amount estimated at \$35,000.

**INCOME TAX A DRAG ON BANKROLL**  
The payment of the income tax, which is due soon, is proving a source of worry to the women of the community. Coming just as it does, when Spring outfits are of paramount importance, women are wondering whether Uncle Sam could move this date to a little later period so that they may have the new clothes so dear to every woman's heart. But alas! Given feminine adornment doesn't stand in the way of Uncle Sam's sense of justice and right. What will the solution be—making the old winter clothes do—or taking advantage of Cherry's easy payment plan? Perhaps you don't know that Cherry has a woman's store at 515 13th street and a store for men and boys at 523 13th street. Just full of the newest of Spring apparel, and perhaps you weren't aware of the fact that you could buy these things and pay for them as you wish. So, you see, even such obstacles as the Income Tax can be overcome.—Advertisement.

### CONGRESSWOMAN DEFIES PASTOR; GOES TO DANCE

MUSKOGEE Okla. Feb. 1.—Miss  
Alice Robertson, congresswoman,

elect attended a dance given by the  
American Legion here last night.  
The first dance she had attended  
since 1879 she said. Miss Robert-  
son is the daughter of a pioneer  
missionary and herself known as a  
church worker but she went to the  
dance to show a local minister  
where my heart is. She told

legion members a local pastor re-  
cently assailed the legion for pass-  
ing a resolution condemning the  
Sundays blue laws.  
**EXPLORER DIES**  
BERLIN, Feb. 1.—Professor C. G.  
Schilling, noted as an African trav-  
eler and zoologist, died Sunday.

#### Protest China Loan

SACRAMENTO, Cal., Feb. 1.—Ad-  
vertisements asserting loans to Pak-  
ing now will prolong civil war in  
China and urging "please lend no  
money to kill our people," appeared

in a local newspaper yesterday and  
were explained by Fong Yee, a  
merchant and Sacramento county  
head of the Chinese Nationalist party,  
as having been inserted in the news-  
papers in the interests of the struggle  
of "the people against the au-  
tocracy" in China.

**GOLD IMPORTS**  
NEW YORK, Feb. 1.—Gold bars  
valued at \$4,000,000 arrived on the  
Aquitania. Of this amount \$2,400,000  
was consigned to Kuhn, Loeb &  
Co. who have imported nearly  
\$100,000,000 worth of bullion in re-  
cent months.

# Gov. Stephens Opens Fight for King Tax Bill

In opening his fight for the King tax bill in Oakland last night, Governor William D. Stephens laid down the line of his campaign for the measure during the next few weeks, voiced defense of the tax equalization measure, and called upon his audience to wrestle with those Alameda county legislators who voted against it. As this was the first speech in the fight, the opening gun of the State administration's battery, the meeting drew auditors from many sources and the interest centered on the particular line of attack to be chosen for key-note emphasis. Declaring that this was "the old, old fight," and that the question was whether the "people or the corporations shall govern California," the Governor gave his greatest efforts to denunciation of corporate lobbies and to plotting the opposition to the King bill as being influenced by the utility corporations. He would not admit that there were any grounds for opposing the bill within the measure itself.

**YOUNG OPENS MEETING**

Lieutenant-Governor C. C. Young opened the meeting and introduced Governor Stephens, who was then elected chairman. Following the Governor, Clyde Seavey, member of the Board of Control, delivered a forceful speech in which he signalled out the opposition to the King bill as being influenced by the utility corporations. He would not admit that there were any grounds for opposing the bill within the measure itself.

**THE STATE'S EXECUTIVE**

The state's executive branch, the system of taxation in California, under a system adopted in 1916 by amendment to the state constitution. Under this system public utilities, the railroads, traction companies, express, telephone and telegraph companies, insurance companies, by paying taxes direct to the state, are exempted from local taxation by towns, cities, counties and districts. The only exception is that real estate owned by banks and insurance companies is assessed locally for county, city and district purposes, but such assessment is allowed as a deduction to taxes paid for state purposes.

All other property, the Governor pointed out, such as the store, home, farm and personal property of the people, is assessed for taxation for county, city and district purposes, and the state is prohibited from levying any tax for state purposes upon them except in case of deficiency in state revenues.

**INCREASE IN RATE**

The ordinary taxpayer, those who pay to city, county and district purposes, Governor Stephens declared, since 1916 has had his payment increased 35 per cent with "no increase in the rate of taxation upon those public service corporations, banks or insurance companies in that time." He said the state board of equalization and the state board of control, after having investigated and ascertained the "average tax paid by the farmer, merchant and householder," had determined their increased tax burden.

"What we are trying to do by this bill," Governor Stephens said, "is to see that when the taxes on the farmer, the merchant and the householder have increased in four per cent, that the public service corporations, banks and insurance companies, whose properties have been sold aside for the support of the state government, should have their taxes equalized with that of the common property taxpayer so that they shall bear the same burden of taxation for the same purposes that the common property taxpayer bears for local purposes; and this is the issue."

**SCHOOL EXPENSES VOTED**

Present tax rates would have been sufficient for state expenditures, the governor told his audience, and there would have remained a surplus of approximately \$3,000,000, but at the last election the people voted expenditures of approximately eighteen million dollars. These were \$10,000,000 increase for common school and \$2,000,000 for high school purposes. The state board of control, he said, had increased the bond interest and increased the bond burden for aid to dependent children \$600,000.

"And these increases must be paid," he declared.

Estimated state expenditures by the budget board for two years were given as \$31,300,000, with an available surplus of \$6,000,000 and estimated revenue of slightly more than \$30,000,000 under present tax scales.

**DEFICIT IN SIGHT**

"Consequently," said Governor Stephens, "the estimated revenue and surplus leaves as nearly \$14,000,000 short of paying the budget expenditures which include the \$13,000,000 recently voted by the people."

"You can readily see for yourself in these figures that if it had not been for this \$18,000,000 voted by the people at the last election that we would have been left within the revenue that would have been brought in by the present rates, and other sources of state revenue."

The governor then took up the question of where the money goes. He said it goes to the state, "that we do not need all this money to run the state government."

The courts compel the state to expend \$1,200,000, "and this cannot be decreased," he said; national guard and high school cadet companies, \$750,000; state highway department, receding right-of-way, appropriations to comply with agreement with United States, building activities necessary for state institutions, interest bonded indebtedness for buildings and roads were listed at \$1,100,000 over \$7,000,000. Executive and other constitutional offices together with general administrative boards and officers, he said, carry another total of about \$2,000,000. Another large item included veterans' homes, home for blind, woman's relief corps home, aid to orphans and half orphans, aid to charities and corrections and care of state burial grounds which cost the state, according to the governor, nearly \$4,000,000 of which nearly \$2,000,000 under the constitution the state is obliged to pay for supporting orphans and half orphans.

**EDUCATION BIGGEST ITEM**

Cost of prisons, rewards for arrests and transportation of criminals and matter of that classification, were placed as costing the state nearly \$2,000,000. Hospitals, insane

# BROOKS DECLARES GOVERNOR'S FALK IS DISAPPOINTING

Assemblyman Then Proceeds to Ask Pertinent Questions of Stephens.

Following the tax bill meeting last night, at which Governor Stephens spoke, Assemblyman Clifton B. Brooks of Oakland, one of the three members of the Alameda county delegation to the legislature who voted against the King bill, prepared a statement of his views.

"The meeting," said Brooks, "was a distinct disappointment to me in that the really vital objections to the King taxation bill were not met. I have always been open to conviction and am still willing to be convinced. Let the Governor make a statement to the legislature to which the opposition of the bill could not agree without in anywise weakening their position. I desire to make a few inquiries of the Governor."

Why do the proponents of this bill not take the responsibility for the alleged deficit in the revenues of the state government upon the people who voted for an increase in the fixed charges last November, including a more adequate pay for teachers?

**FIGURES GIVEN.**

The following figures taken from reports of the state government would indicate that the responsibility is somewhere else:

"Fixed charges in 1919-1920, \$22,500,000; in 1921-1922, \$35,000,000. Operating, in 1919-1920, \$24,000,000; in 1921-1922, \$33,000,000. Total in 1919-1920, \$47,000,000; in 1921-1922, \$68,000,000."

"While the fixed charges have increased greatly, in fact, doubled, the portion of the budget which the legislature controls, the expenditure of which the legislature is held responsible, has also increased greatly. This increase of approximately 60 per cent, while not nearly so large as the other, nevertheless represents a most startling increase of approximately \$12,000,000."

"Why should the legislature be called upon to fix tax rates before it has given any consideration whatever to the budget?"

"The legislature has merely received from the board of control recommendations which, among other things provide for the \$12,000,000 increase previously referred to. It would appear that the legislature is asked to provide sufficient funds to meet a budget not yet considered and thereby to be satisfied from giving any real consideration to the increases in the budget."

**ILLINOIS PLAN CITED**

"Why not have a thorough going reorganization of the state government along the Illinois plan? The constitution of the state is authority for the statement that a minimum of \$2,000,000 can be saved annually."

"Is it possible that the governor is not aware that the representatives of the different public utilities who came to Sacramento to present their case, and were specially invited by the revenue tax committee of the Senate over the signature of its chairman?"

"Surely if this fact were called to his attention, the governor would not state that 'when the King bill was introduced, there happened to appear such a lobby as has never been seen in Sacramento, and never was such a pressure brought to bear upon members of the legislature.' It does not exactly square with my sense of fair play to invite corporate representatives to present their case before the legislature and then to abuse them like pickpockets for being there. On the other hand most everyone on the ground was very distinctly of the impression that the 'lobby' maintained by the governor was very much the more aggressive of the two lobbies."

# Ideas Wanted, Large Ones At That, in This Contest

The TRIBUNE'S contest to obtain the Big Ideas of its readers is in full swing and is meeting with prompt and general response.

The TRIBUNE is inviting its readers to tell what their Big Ideas are. The average person has one Big Idea tucked away in his or her mind which is the one big dominating thought. It need not necessarily be in the foreground all the time.

It may be some plan for the future, some fixed opinion about your career or station in life. One person may hold to a determination to have a bank account by the time he or she is forty years old. Another's big dominating idea may be a fixed belief that there is life after death. A third person may cherish the Big Idea that marriage is a failure.

Big Ideas may vary but in every individual instance they express the dominating thought or belief, or conviction in your mind—the one idea that takes precedence over all others—the one that persists after all other ideas have been dismissed from your mind.

Read the following conditions and then send your answer to the contest editor. It may be one of the four to win a cash prize:

Write your answer plainly on one side of a piece of paper.

Put your name and address at the top of the paper.

The paper must contain nothing else but your Big Idea, your name and your address.

Your Big Idea must be told in twenty-five words. If it is in excess of this length it will be eliminated automatically. This is important.

Your answer must be received by The TRIBUNE by next Saturday evening. The names of the prize winners and their Big Ideas will be published in The TRIBUNE on Sunday, February 13.

The first prize will be \$10. The second, \$7.50; the third, \$5 and the fourth, \$2.50.

**Nursery to Benefit From Dancing Party**

"Chicken a la Maryland" and all the "fixins," prepared by deft hands, jazz music and a cabaret, will mark the dinner dance which the directors of the Colored Children's Home and Day Nursery will give in the Municipal Auditorium on Friday night, February 11. The fun will begin at 7 p. m. and continue to midnight. Tables will be placed throughout the big hall with plenty of space reserved for dancing. Solo and cabaret numbers will be presented from the floor and the stage. Mrs. S. Julia Highwarden is chairman of the general committee on arrangements. Reservations may be made with her at 816 Thirty-fifth street, Piedmont 3689-J.

The benefit is arranged for the purpose of lifting a debt which remains on the property which was recently purchased to house the institution. The Children's Home and Day Nursery is maintained and operated by the colored colony of the city and their friends.

Patronesses of the affair are: Mrs. Isaac Lewis, Mrs. W. C. Williams, Mrs. Edward Lacey Braxton, Mrs. Clifford Durant, Mrs. George Richardson, Mrs. J. B. Hume, Mrs. Joseph R. Knowland, Miss Mollie Connors.

**STEAMSHIP MAN DIES.**

GALVESTON, Tex., Feb. 1.—B. Mosel, 57, who inaugurated steamship service between Galveston and the West Indies, died here yesterday of pneumonia.

**Two unmasked young bandits armed with large revolvers rushed into a small store conducted by C. E. Bradford at 1540 Market street shortly before 10 o'clock, and robbed Bradford of \$200 in cash and a negotiable check for \$10 which was in the cash register.**

With caps pulled down over their eyes and heavy overcoat collars pulled up around their cheeks partly concealing their features, the bandits strode into the store and without wasting time, went to the counter and commanded Bradford to turn over the contents of the till. Bradford told the police that he did not have an opportunity to make an outcry nor to resist the holdup men. He opened the drawer and gave it to the robbers who crumpled it into their pockets and ran out of the store.

Detectives made an investigation shortly afterward, but were unable to pick up a trail of the robbers.

**PERSHING URGES HONORS TO AN UNKNOWN HERO**

WASHINGTON, Feb. 1.—The return activities of the House of Representatives today were devoted to a fitting national tribute to the man who fell in the world war was advocated today by General Pershing before the House military committee which is considering a bill for that purpose.

"I think this proposal should be carried out," said General Pershing, "with a ceremony made as impressive as possible and every honor should be paid this unknown man. And it should be simply an unknown man. That should be sufficient to cover all states of the Union and all branches of the military and naval service."

The general suggested that next Memorial Day should be designated as the time for the ceremony.

**Woman Worth \$20,000 Sent to Asylum**

Mrs. Katherine Rumpf, in whose effects were found bank books and Liberty Bonds showing possessions of about \$20,000, was committed to the Alameda county hospital for the insane by Superior Judge J. J. Kinsell today.

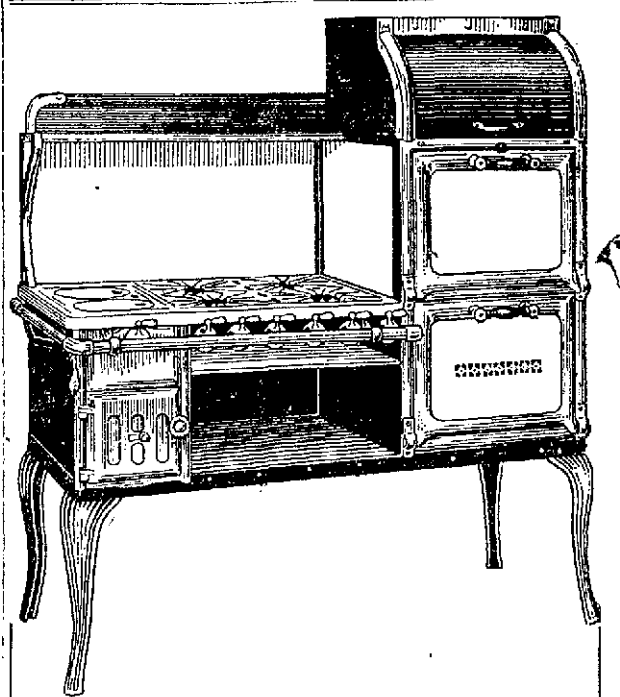

Neighbors of the woman, who lived at 2921 Ellis street, Berkeley, said she lived in a manner which gave no indication of wealth. Mrs. Helen Kotler, who served as the complainant, said Mrs. Rumpf had declared she saw spirits.

**COURT TO ENTERTAIN**

Court California No. 153, Daughter of Isabella, will entertain at an open entertainment and dance in the Colonial ballroom of the Knights of Columbus building, tonight. Mrs. John M. Hyland is chairman of the arrangements committee.

**Hotelkeepers May Be Sent Out of Country**

RICHMOND, Feb. 1.—Emlil Baggi, former proprietor of the St. Francis hotel, at 28 Cottage avenue, Point Richmond, was arrested by local police last night and is being held for the department of immigration on a federal warrant. Deportation proceedings have been started by the immigration department, it is said. Baggi has been in the police courts here a number of times. He was arrested and convicted on a charge of conducting a disorderly house at 213 Standard avenue, Point Richmond. At present charges of violating the prohibition act are pending against him. Baggi had been out of town for some time, but returned yesterday and was picked up by the police last evening on the federal warrant. He is said to be a native of Switzerland and has been in the United States for 40 years, but has never taken out citizenship papers.

**Lower Your Cooking Costs**

**USE A MODERN GAS RANGE**

This splendid type of range is so convenient—with every detail to make cooking a pleasure. Easy to keep clean.

Equipped with oven, broiler and warming closet. Four top burners and a simmerer.

# SAN JOSE CALLS RABBI FRANKLIN

Rabbi Harvey D. Franklin, who has been in charge of Temple Sinai in this city for the past two years, has resigned and will leave for San Jose during the latter part of this month, according to an announcement made today. He will have charge of the synagogue in that city.

During his stay here Rabbi Franklin has made a specialty of organizing and teaching the various young people's societies and has also been prominently connected with various forms of civic activity.

# Boys Face Court on Charges of Robbery

The four boys arrested last week on charges of carrying out several of the recent highway holdups in Oakland and on the city outskirts made their first appearance in police court today. They were arraigned before Police Judge Edward J. Tyrrell and a preliminary examination date set for Friday, February 4, for three of them.

Thirteen-year-old C. Myers, 16-year-old, also appeared in court, but was certified to the juvenile court authorities for action. The other three include Henry Hennings, 22; Mervin Ward, 18; Burton Lapham, 23. Another youth arrested on suspicion of connection with the holdup gang was released when police examined him yesterday. He is Roland McDonald.

Another youth is now also held on suspicion of connection with the gang's activities. He is Hattie Shummons, 19, and was arrested last night by Sergeant Cox and Patrolman D. Farrow on a charge of selling a pistol to Bert Lapham, one of the boys charged, a violation of a city ordinance.

**Movie Actors Have Romance Off Screen**

Somewhere in Oakland Norman Dawn, moving picture director, and Katherine V. Madden, prominent young woman of the films, who lives at 1522 Franklin avenue, Hollywood, are about to be married, or are already married. So far, all efforts to locate them have failed.

A marriage license was issued to the couple today. They appeared at the county clerk's office and secured the license, after which they disappeared. Dawn, who resides in Venice, gave his age as 34, while Miss Madden said she was 25.

Dawn has been with the Ince, Keystone, Gaumont and the Universal people, having served in the capacity of a director, and on several occasions played the leading role. Some of the features the success of which was credited to Dawn include: "Sin and the Sinner," "The Eternal Triangle," "Two Men of Tinted Butte," "Down by the Rio Grande," "Harmful Laxative," "Down by the Rio Grande," "Horned Creek," "The Line Runner" and others.

**MOTHER JAILS SON.**

In response to an emergency alarm for the police last evening, officers hurried to the home of Mrs. Mary Starr, colonel of 925 Broadway street, and arrested her son, Lucas Starr, 17, who, it is alleged, was in the act of breaking up furniture and crockery. The son was arrested on a charge of disturbing the peace and locked up in the city jail.

# YOUNG BANDITS ROB S. F. STORE

Two unmasked young bandits armed with large revolvers rushed into a small store conducted by C. E. Bradford at 1540 Market street shortly before 10 o'clock, and robbed Bradford of \$200 in cash and a negotiable check for \$10 which was in the cash register.

With caps pulled down over their eyes and heavy overcoat collars pulled up around their cheeks partly concealing their features, the bandits strode into the store and without wasting time, went to the counter and commanded Bradford to turn over the contents of the till. Bradford told the police that he did not have an opportunity to make an outcry nor to resist the holdup men. He opened the drawer and gave it to the robbers who crumpled it into their pockets and ran out of the store.

Detectives made an investigation shortly afterward, but were unable to pick up a trail of the robbers.

# The Lady of the House

who makes a practice of carefully following the advertising has learned that both time and money can be saved by concentrating her attention in the columns of The OAKLAND TRIBUNE.

**Profit By Her Experience**

More of the important store news and "special price" events of interest to the housewife appear in The OAKLAND TRIBUNE than in all the other newspapers combined.

The big Sunday Morning TRIBUNE is worth the subscription price alone.

The Aunt Elsie Section, bringing joy to the hearts of thousands of youngsters is only one of the many features of the SUNDAY TRIBUNE.

# BURGLAR FLEES WHEN VICTIM THROWS LIGHT

Roundup of Lodging Houses Reveals Loot and May End Crime Wave

SAN JOSE, Feb. 1.—A series of burglaries believed to have been committed by two men took a sensational twist at an early hour this morning when Charles W. Peterson of 153 North Thirteenth street made a vain attempt to capture a heavily armed man who fled from his apartment in the act of robbing his neighbor. Peterson had just entered the place and turned on the electricity when he was confronted by the burglar who leveled his pistol and threatened Peterson. The latter fled a distance of about 100 feet and made a dash for his car. The man fled hastily being pursued several blocks by Peterson who was escaped by running into a dark alley and leaping a fence.

A roundup of local colored lodging houses followed with the result that Charles Hamilton aged 26 who claims Oakland as his residence was arrested with a concealed pistol. He was found in possession of a .38 Smith & Wesson revolver which was identified as lost in several burglaries. As he was taken into the police station he made a sudden dash for liberty. The man was chased for several blocks he was caught by Detective Charles Hertel three blocks from the city hall.

Hamilton is said to have made a confession in which he admitted the blame for the thefts upon a companion who left San Jose.

## Apology Made for Bergdoll Kidnaping

BERLIN, Feb. 1.—Brigadier General Henry J. Allen, commander of the American army of occupation in the Berlin and Baden governments for the attempt by men connected with the American forces to arrest Grover Bergdoll, American draft evader and his chauffeur Isaac Stecher says in official German government statement today. The officer for Bergdoll's arrest, General Allen stated was issued by the provost marshal in Coblen who only recently arrived and who was under the impression Bergdoll was returning in the French occupied zone.

## Wife Slayer Sentenced

ALBANY, Feb. 1.—L. T. Benjamin, confessed wife slayer was sentenced to 10 years in the state prison today. Benjamin said his wife had accused him of interest in other women and in anger he struck her with a hammer.

## Exact Condition of Teeth Determined By X-Ray Pictures

## Method Eliminates Guesswork and Is Inexpensive

"Prices will not exceed your expectations if you come here to fulfill your dental needs. In the premises of Dr. H. C. Anderson a well known dentist with offices at 1225 Broadway. Our method of treating infected teeth is the result of over twenty years of practical experience in this work and we have never learned how to do cheap work at charge exorbitant prices.

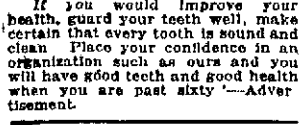

In using the X-Ray Radiograph to determine the root of tooth trouble, we are able to work with a certain knowledge of the exact location of each infection thereby eliminating unnecessary expense and guesswork. The additional charge for X-Ray pictures is only one dollar and often many times this amount is saved in the shorter period of time required to finish the work.

We think you will be interested in knowing that that cocaine is never used in these offices said Dr. Anderson. "Teeth can be filled or extracted or live nerves removed without the use of cocaine. The method we employ in fact any operation on the teeth will be performed painlessly in the newest up-to-date scientific way.

If you would improve your health, guard your teeth well, make certain that every tooth is sound and clean. Place your confidence in an organization such as ours and you will have good teeth and good health when you are past sixty."—Advertisement.

## Million Hungry Children Send Thanks to U. S.

(By Associated Press) PARIS, Feb. 1.—Gratitude for American relief to the children of Hungary is being expressed in a message to the United States to which the signatures of 1,000,000 children have been secured, says a Budapest despatch to the Hungarian Agency here today. Fates are being planned to be held in schools in all parts of Hungary in celebration of the American inauguration day, March 4.

## All Night Guard Keeps Mob from L. A. Kidnapers

Woman's Abductors Plead Guilty and Will Be Given Sentence Tomorrow.

LOS ANGELES, Feb. 1.—The Carls' flood and other kidnapers of Mrs. Gladys Witherell expect to spend the rest of their days behind bars in San Quentin penitentiary. The woman's abductors pleaded guilty to the crime they have confessed to in a misdemeanor term of from 30 days to 10 years.

Edward J. Carls, 37, of the two men and his partner, John W. Carls, 35, a well known hoodlum, pleaded guilty to the crime they have confessed to in a misdemeanor term of from 30 days to 10 years.

The Carls' have been charged with the abduction of Mrs. Gladys Witherell, a well known actress, and her two children, a boy and a girl, from their home in Hollywood. The woman was taken to a house in the Hollywood district and held there for several days before being released.

## BOY BANDITS WHO STOLE 50 AUTOS LANDED IN JAIL

Six Youths Arrested Confess Burglaries and Theft of Numerous Cars

IRVING, Feb. 1.—Robbers and automobile thieves extending over a period of eighteen months in the Irving section were today cleared up with the confessions of six members of a youthful thieving crew. A seventh member of the gang was in jail in Los Angeles.

Not aggregating in value more than \$5,000, the list of youthful thieving crew included the theft of a Buick sedan from the basement of the home of Mrs. J. J. McFarlin, 17 year old daughter of the gang, at 103 Shattuck avenue. An automobile loaded with musical instruments, tools, cash and sundry other articles were brought to police station where they were identified by owners of Berkeley street and other thieves are detained to have stolen into automobile. When taken to the police station they confessed to the theft of the Buick sedan from the basement of the home of Mrs. J. J. McFarlin, 17 year old daughter of the gang, at 103 Shattuck avenue. An automobile loaded with musical instruments, tools, cash and sundry other articles were brought to police station where they were identified by owners of Berkeley street and other thieves are detained to have stolen into automobile.

## GRAND JURY MAN TELLS BASIS FOR NEW WAGE PLAN

Was Devised to Consider Actual Work Done

ALL state compensation for actual work done and not a general equalization of county salaries, was the basis of the new wage plan for the grand jury in its recent recommendations for county increases.

This explanation is made today by Hon. J. Shapra, chairman of the jury, in a statement made at a press conference here today.

Shapra declared that the province of the jury was only to weigh the work done by the grand jury and recommend accordingly. He said he had understood that a failure to recommend higher pay for extra help would cause a loss of help. He said he had understood that a failure to recommend higher pay for extra help would cause a loss of help.

The Woman Later

By RUBY AYRES

(Continued from Yesterday)

Lullie and the maid were both watching him intently.

"No, I shall not go today," he answered, and Lullie looked at him as he went out of the room.

CHAPTER IX.

"And—Lullie! I seem to my friend, what I want shall seem to his love."

The next three days sped away on lightning feet.

Faversham and Mrs. Dundas walked miles and miles along the sea and inland through the lanes.

Every morning when Faversham appeared at her cottage Mrs. Dundas asked him, half-anxiously, half in jest:

"Are you going to desert me today? Are you wanted back in town?"

And each day Faversham laughed and shook his head.

"Not today," he said, but he was rather concerned because there was no news of Trumper, and a letter from Mrs. Trumper, which had been sent on to him by Greyson, increased his anxiety.

"What has become of Philip?" she asked.

"I have not seen him for more than a week, and he never leaves me like this. Come and see me, Miles, and tell me how he is."

Faversham read the letter as he walked outside in the little porch.

"What has become of Philip?" she asked.

"I have not seen him for more than a week, and he never leaves me like this. Come and see me, Miles, and tell me how he is."

Faversham read the letter as he walked outside in the little porch.

"What has become of Philip?" she asked.

"I have not seen him for more than a week, and he never leaves me like this. Come and see me, Miles, and tell me how he is."

Faversham read the letter as he walked outside in the little porch.

"What has become of Philip?" she asked.

"I have not seen him for more than a week, and he never leaves me like this. Come and see me, Miles, and tell me how he is."

Faversham read the letter as he walked outside in the little porch.

Letters of Terrie Joe.

DEAR TESSIE:

As the Italian say, "Chirio caroso garleunda." In other words, "Music sweet music."

The main idea being, isn't it about time to start to develop the baby's musical ear, if any?

At least I think we ought to find out which he inherits, my talent for melody or your genius for not being able to carry the simplest tune from one room to another.

If I was home I'd sing him simple songs for 15 minutes or so every day to get his ear sort of tuned up, but if you tried that the poor kid would probably think he was being justly punished and it might sour his nature.

So the best you can do will be to carry him to the window whenever you hear an organ grinder outside, and at that way at least he'll get an occasional earful.

And for all we know, a little inspiring music might help him to come across with a tooth or two more gleaming and throaty later.

By the way, Tessie, do you know there's one automobile in this country for every 14 inhabitants? I was reading the statistics in the paper this morning, and I'm sending the clipping on to you.

While the car is so scarce, you've got a car yourself, and I hope you'll get some satisfaction out of it. You can stick it in your handbag, so you'll have it handy to refer to in crowded trolley cars.

Affectionately, JOE.

Do You KNOW?

HOW TO COVER BUREAU.

The problem of what to cover on bureaus with has to be solved often, as nearly all of our covers are more or less perishable, and there never seems to be any extra ones in the reserve closet.

Of course, the shops have dozens and dozens of the cheap sort, and as many more of the expensive kind, yet we have all found them too short and wide or too long and narrow for our particular needs.

The lace on the cheap covers is so scant that it "tweeps" helplessly at the first wash, while the lace on the expensive ones is not wash lace at all.

So, for all-around satisfaction there seems to be one thing—and that is to make the scarf at home.

In solving the scarf question one woman bought several yards of fine linen lawn and put it in the tub and washed the dressing out of it before making it up.

She also shrank the lace at the same time, and then cut and patting it dry so that it looked quite like new.

The goods pressed smoothly and was easy to cut out and work upon.

When all the embroidery required no decorative work, a second pressing made it ready for use.

The scarf laundered beautifully and there was no more shrinking.

In making up dotted muslin to use over a color, the new idea is to quilter a portion of the dots in burder fashion to the fringe, or hem and featherstitch the scarf.

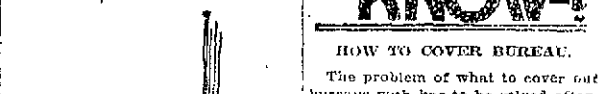

The effect is very dainty and pretty. Lace may be used as the edge, or the plain hem is pretty just as it is.

When using scrim, do the drawn work, then fringe, or hem and featherstitch the edge with the color of the lining.

When using scrim, do the drawn work, then fringe, or hem and featherstitch the edge with the color of the lining.

Abe Martin

It's estimated that 1,300,000 immigrants arrive in this country next year.

"I'll keep us bumptin' 't raise enough grapes 't keep 'em busy. We used 't go 't the country 't drive, an' now we go 't the country 't git away from 'em."

When he saw her off that day at the station, he had intended it to be their goodbye.

"Why had it not been? He could have asked the question."

All at once her mood changed; she quickened her steps so that they caught up with him; she slipped a hand through his arm.

"I'm not cross any more—not that I ever really was cross! Only a little cross that you would not stay—not even for my sake."

"Perhaps it is for your sake I am going," said Faversham.

The honey-brown eyes were raised in startled inquiry.

"Nothing, except that the sooner I go the sooner I shall be free to come back."

"And you won't forget me while you are in town?"

"Did I ever forget you all those years when we never met?"

"No, but you did not remember me because you loved me, she answered quickly. But we had a half-drawn sigh. "But because you hated me."

"Do you think I hate you now?"

"I should like if I thought that you did."

"I think you may safely live," he said ironically.

There was a little group of flowers growing in the bank, and she broke away from him for a moment to pick some.

Faversham lit a cigarette and idly watched her. Even to his critical eye she looked years younger and happier.

He had seen her in the country had touched her pale face with the tinge of health.

She brought the flowers back to him and stood on tiptoes to fasten them in his coat.

"You used to hate wearing flowers years ago; do you remember?" she asked.

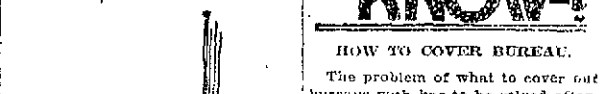

"I hate wearing them now," Faversham said, "but I don't want you to go now."

"I've got a horrible feeling of feeling that—that, if you do, something will happen—that I shan't ever see you again, or—or something dreadful like that."

"My dear child, you're too full of imagination!"

HERE IS A PARTIAL VIEW OF THE TREMENDOUS CROWD WHICH PACKED EVERY AVAILABLE BIT OF SPACE IN THE AUDITORIUM LAST NIGHT  
in order to see the 1921 Auto Show, which is proclaimed by critics, who know to be the most beautiful auto mobile show ever held in America. Many new models  
are exhibited for the first time in the west while standard makes are seen in an array of beautiful colors

game they should have been glad.

They hoped for an enthusiastic re-  
ception but never reckoned for the  
bountiful measure in which it was  
meted out.

MANY SALES CLOSED

Just a few of the many sales that  
were closed were reported by How-  
ard Auto Co. A. W. Rawling Co.  
Franklin Motor Car Co. Shouse and  
Aronson, and Philip S. Cole, Inc. In  
the early hours of the evening there  
were more according to information  
at hand this morning and the firms  
just named are only mentioned be-  
cause their business deals were  
recorded before 8:30 a little more  
than an hour after the show opened.  
As advance news stated, the ex-  
hibits of chassis would draw large  
crowds. They did. You have to fight  
your way up to them before you  
could take in all the story that was  
being related of the virtues each  
particular car possessed about which  
you were trying to lend an attentive  
ear.

NEW MODELS SHOWN

New models making their first  
appearances held large audiences. The  
Lincoln, Sheridan, Stevens Duryea  
and H. C. H. are so classed each  
was the recipient of praiseworthy  
comment.

On the stage, the five custom  
built cars Don Leo is showing are  
stunning in design and finish while  
their neighbors, also on the stage

Oldsmobile Four and Eights con-  
tinued to maintain the popularity  
for which they are noted.

Factory custom built jobs are  
prominent in the Philip S. Cole Inc.  
booth, while across the aisle special  
finishes show up both the Willys  
Knight and Overland Four favorably.

Buick and Studebaker exhibits em-  
brace nearly every model that How-  
ard Auto Co. and Weaver Volls sell.  
So too does the Chevrolet display  
incorporate pretty nearly all of the  
Oakland made popular car types.  
A Maxwell chassis and a Chalmers  
chassis in the Lou H. Rose booth  
kept this exhibit packed all evening.  
An added attraction staged by Man-  
ager J. L. Brambila in the shape of  
toy balloons for the kiddies made  
Chalmers and Maxwells more popu-  
lar with the juveniles. Ben Ham-  
mond, in charge of the Franklin  
headquarters was a busy chap show-  
ing off the new designed air cooled  
car.

IT'S A GREAT SHOW

Stephens Ballant Six and Nash  
cars are presenting new models that  
are destined to become favorites.  
Dismantling of prizes is the showing  
of Rouser Tamplar, Winton Chandel-  
ler Cleveland, Hupmobile, Cole Aero  
Eight Dodge Brothers, Hudson  
Elmer Scipione Booth, Paige and  
Lexington line.

Pierce Arrow with its entirely new  
body and refined chassis rightfully  
earned the plaudits Manager Jam-

Johnson and his assistants received

A. W. Rawling is directing two  
exhibits. In the main auditorium he  
is displaying the Vette while in the  
lobby he has a pretty group of re-  
newed Marmons.

Out in the south corridor are to be  
seen Fagool Klaber Moreland Nash  
and Ford trucks and a vast as-  
semblage of motor parts accessories  
novelties and comprehensive ignition  
displays. More will be written about  
these later in the week.

If any Alameda county resident  
misses the Oakland Auto Show he or  
she will have cause to regret doing  
so. In the language of the press  
agent, "It's a pip."

Emergency Plug  
Made of Rubber

An emergency plug to fit the filler  
hole of the gasoline tank may be  
made from a piece of solid rubber  
a little smaller than the filler hole  
itself. Through the center of this  
rubber a hole is cut and a bolt is in-  
serted with the nut end up. When  
expanded effectually plugging the  
hole. If the fuel system is gray-  
ity or vacuum a hole must be bored  
through the nut to admit a little  
air but with the pressure system  
there must be no hole.

The use of steel tires on motor ve-  
hicles is prohibited in Connecticut.

\$10,000 CHASSIS  
BIG SENSATION

The Lou H. Rose balloons proved  
one of the surprise hits of opening  
night at the show. Five hundred of  
these made their appearance in the  
air shortly after the vast crowds  
began to throng the interior of the  
Auditorium to inspect the 1921 of  
forings of the various motor car  
merchandise.

Presiding over the destinies of the  
Lou H. Rose Company's exhibit was  
J. L. Brambila, Oakland branch  
manager assisted by Billy Han-  
chett his sales manager.

That the Maxwell and Chalmers  
stripped chassis proved one of the  
big sensations of the opening night  
is their report. Hundreds thronged  
to inspect the special chassis shipped  
here from factory sources.  
The Chalmers chassis cost \$10,000  
to build for the show. It is one  
of the handiwork ever seen East  
or West. The Maxwell chassis in-  
tends all the new improvements that  
will increase the fame of a car al-  
ready widely known for its reputa-

tion for economy.

In addition to the chassis a  
Chalmers sport car and a Maxwell  
five passenger touring car drew  
their share of admiration at the Lou  
H. Rose space.

Battery Posts Are  
Easily Built Up

It is possible to build up battery  
posts that are too short by starting  
the threads of a Ford adjusting yoke  
on the post until there is a joint  
between threads and post. Large  
enough for the purpose into the  
hollow part of the yoke molten lead  
is ladied and allowed to cool. The  
yoke is then unscrewed and the  
short post will be found to have  
reached the necessary height. In  
doing this job the old post should  
be scraped clean and a little flux  
should be applied.

Studebaker Turns  
Out 52,000 Autos

The Studebaker corporation turned  
out 52,000 motor cars in 1920 of  
which 25,000 were produced in the  
last six months. Unsold cars at the  
end of the year were 1500. The  
company's schedule calls for the  
production of 12,000 cars for the first  
three months of 1921.

'Sold' Sign Hung on Truck Displays  
Dealers at Show Kept on Toes

Branch Manager Phil Daley and  
his cohorts wore cheery grins and  
radiated an atmosphere of genial  
good will about the exhibit of the  
Moreland Motor Truck Company at  
the opening of the auto show last  
night.  
This was especially noticeable  
when Manager Daley hung up  
sold sign on two of the trucks in  
the exhibit dais for the sale of  
these two trucks having been com-  
pleted on the opening day. One of  
the trucks was purchased by J. E.  
Richmond Supply Company of Rich-  
mond and the other by the Coast  
Crane Company of Berkeley.  
The Moreland exhibit was visited  
by large crowds all during the even-  
ing and the force of salesmen were  
kept on their toes. The exhibit  
consists of a 1 ton, a 1 1/2 ton and  
a big 4 ton truck. The smaller  
models are finely finished in the  
Standard Moreland red while the  
big husky was resplendent in a  
smooth fitting coat of azure blue.  
An especially striking feature of  
the exhibit which attracted wide  
spread attention was an unique

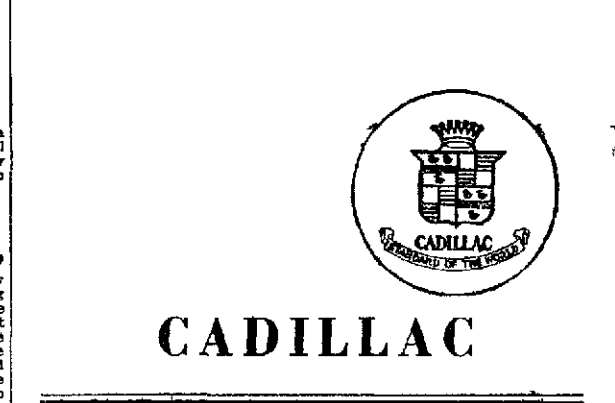

method of emphasizing the service  
facilities of this home company in  
the state of California. This was a  
large map painted in colors of the  
state of California with the locations  
of the company's factory  
branches agencies and sub agencies  
shown in red white and blue lights  
automatically flashing alternately  
Attention was called to the fact that  
\$1,000,000 worth of spare parts with  
skilled mechanics were always avail-  
able at the 6 points. The flashing  
lights and the map coloring added  
to the general decorative scheme and  
was both novel and effective in serv-  
ing its purpose as an educational  
feature.

Dealer Holds Record  
For "Silent" Rebukes

Frank McCorkle of Beach and  
McCorkle Stephens Silent Six deal-  
ers is without doubt the quietest man  
in the country.

## OLD TIMERS ARE AMAZED AT BIG CROWD AT SHOW

Old timers—men who make all the big automobile shows both east and west who were in attendance last night at the Oakland show, were simply swept off their feet by the success of the local display.

The size of the crowd amazed them. Over 7500 people packed the Auditorium during the evening and even elbow room was at a premium.

The beauty of the show, the marvelous array of the decorations delighted them and many declared that only a master artist's brain and a skillful decorator's hand could have accomplished the remarkable result achieved by the men who supervised the decorative effect at the exhibit.

But above everything else in importance in the mind of the automobile veterans who were present was the keen interest shown by the public in the various cars. These people went into detail with the salesmen over the merits of the cars on display, talked with knowledge of the motor and the various things mechanical that a few years ago were understood only by the mechanic. The crowd was an auto-verse crowd, it knew cars and it knew values and furthermore it intends on buying automobiles.

That was evidenced not only by the orders that were taken but also by the interest taken in the various types of cars shown and the appointments that were made for demonstration rides in the near future.

**SPRING-EEZ**

**STOP!**  
THAT  
**SQUEAK**

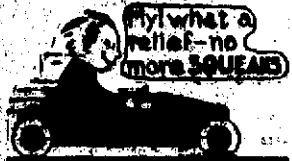

**SPRING-EEZ**

chemically accomplishes  
the elimination of rust  
and thorough lubrication of  
your springs in one  
application.

It penetrates between the  
leaves without help, elim-  
inates rust and deposits a  
lubricant causing the  
springs to do their part  
without squeaking.

It is applied to springs with a brush,  
no need to even spread them.

**Apply with  
a brush**

**\$1 a pint - \$6 a gallon**

See your dealer for the Spring-Eez. If he  
is not carrying it, write to us and we will  
send you a free trial can. We will also  
send you a free trial can if you order  
one dozen or more.

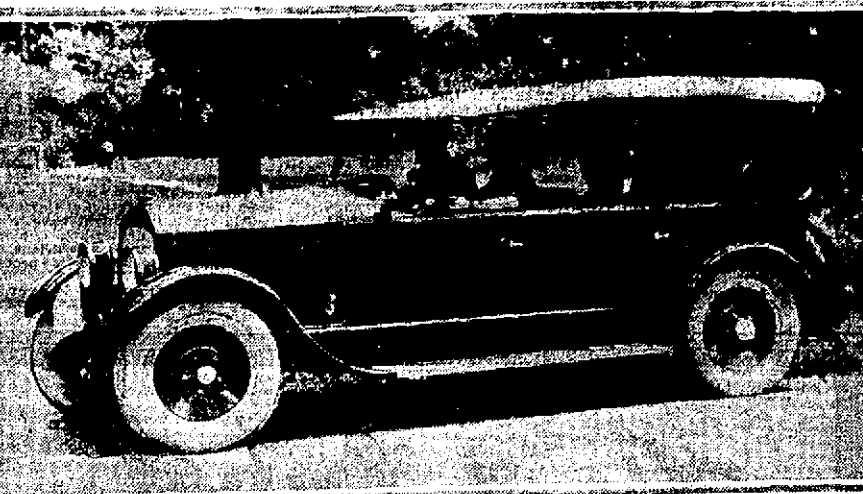

Prepared by  
**Standard Lubrication Co.**  
OAKLAND

**NORMAN DE VAUX (top),**  
who continues as president of  
the Chevrolet Motor Co. of  
Cal., and **R. H. MULCH,** the  
new California Sales manager

There is not to be a hitch in the  
machinery of the sales organization  
of the local Chevrolet factory when  
R. C. Durant's resignation becomes

**HERE IS THE SHERIDAN EIGHT WHICH MADE ITS PREMIER AMERICAN APPEAR-  
ance last night at the Oakland Auto Show. This handsome car was shipped to Oakland by ex-  
press in order to get here in time.**

effective March 1.

J. H. Mulch, the man who suc-  
ceeds Durant as sales manager at  
the local plant, is already taking  
over the duties of his new position.  
Durant and his assistant, C. M.  
Stevens, are giving him every as-  
sistance so that he will be familiar  
with the details of his office and  
with the conditions in this territory  
when he assumes the responsibilities  
of the sales management.

While Sales Manager Mulch comes  
direct from New York to the local  
plant, he is a real westerner, having  
spent several years in the position  
of sales manager for the Chevrolet  
factory at Fort Worth, Texas. He  
also has traveled all over the United  
States and Canada during the past  
few months and is recognized as one  
of the best qualified men in the en-  
tire Chevrolet organization for the  
position of responsibility which he  
assumes here.

Just who will succeed C. M. Stevens  
at the local plant as assistant sales  
manager is not known but it is be-  
lieved that Sales Manager Mulch will  
select his assistant from the avail-  
able candidates now with the com-  
pany on the Pacific Coast.

Sales Manager Mulch visited the  
machinery of the sales organization  
of the local Chevrolet factory when  
R. C. Durant's resignation becomes

ance. He claims that the show en-  
thusiasm is just an indication of the  
stagnated interest in motor cars  
which is now sweeping the country.

### Motor Trucks May Visit Public Dump

Superintendent of Streets George  
Mattis announced that motor trucks  
may resume dumping at the public  
dump tomorrow. The resending of  
the closing order comes as the re-  
sult of drier ground and the building  
of a new runway across the dump,  
where motor trucks may go. Mattis  
says that during the recent sloppy  
weather, one motor truck was so  
badly mired that it took eight horses  
to pull it out.

### Autocar Elects New Men as Directors

The board of directors of The  
Autocar Company of Ardmore, Pa.,  
was increased from seven to nine  
at the annual stockholders' meeting  
held Tuesday, January 25. The old  
board of directors was re-elected  
with J. Howard Reber and Roscoe  
T. Anthony as the two additional  
new members. The directors, in ses-  
sion immediately after the stock-  
holders' meeting, elected the follow-

ing officers for the coming year:  
President, David A. Ludlum; vice-  
president and consulting engineer,  
Louis S. Clarke; vice-president,  
Edwin A. Fitts; vice-president and  
treasurer, Walter T. Savoye; secre-  
tary and assistant treasurer, John C.  
Taney; assistant secretary and as-  
sistant treasurer, Horace T. Anthony.

Don't use any street for storing  
or repairing cars.

January 31st to

AUDITORIUM  
ADMISSION, 50c

## Shows Line of Custom Made Cars

The Don Lee Cadillac exhibit at  
the Oakland show is on the stage, a  
most fitting place for the largest  
exhibit of custom built bodies made  
at any Pacific Coast automobile  
show. In addition to the standard  
Cadillac touring car, the standard  
Cadillac sedan, Victoria, suburban  
and other models will be alternated  
during the week.

The display of Don Lee custom  
built models consists of a complete  
assortment of open and closed type.  
The mahogany lined sedan is one of  
the most beautiful and luxuriously  
finished motor coaches that have  
been exhibited at any American  
automobile show. This car would  
have been the sensation of either  
the New York or Chicago automo-

bile shows. It is a four-passenger  
model with divided front seats and  
doors entering the rear compart-  
ment. A luggage carrier on the  
roof gives it a decidedly English ap-  
pearance. It is finished in dark ma-  
hogany with wire wheels and metal  
traps on either side. The extra  
wheels are carried on the side.  
There are two types of special se-  
ats—the five-passenger and seven-  
passenger. These will be alternat-  
ing the show as there is not  
ample room to show the complete  
Cadillac line.

THOMAS-SILVA-MCKINNON CO.,  
Colusa

THE new design Franklin has already won  
the praise of hundreds of motorists who  
have visited the special showing of the new  
cars at our show rooms and who have viewed the  
Franklin exhibit at the Auto Show.

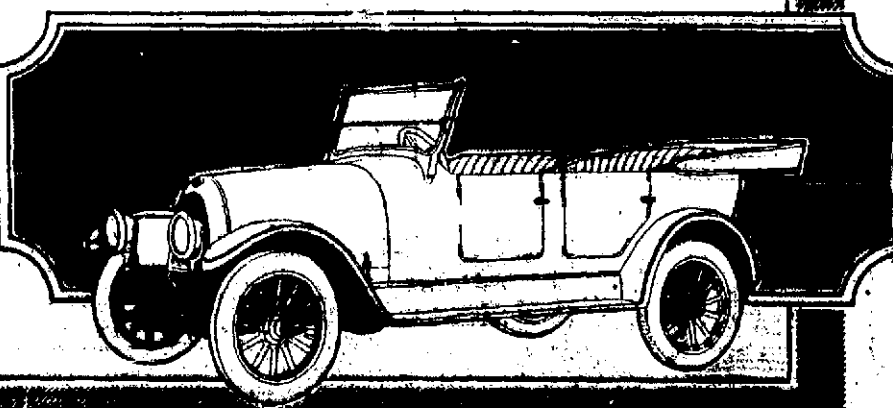

The new hood completely alters the appearance of the  
car, and yet by its excellence of design permits the Frank-  
lin to retain a distinctiveness of appearance that appeals to  
the fastidious.

Increased power also features the new car and has been  
most favorably commented on by motorists who have  
enjoyed demonstration rides over the steep hills of Oak-  
land and San Francisco.

If you have not already seen the new design Franklin,  
you are invited to inspect the various models which will be  
on display all this week at the Auditorium.

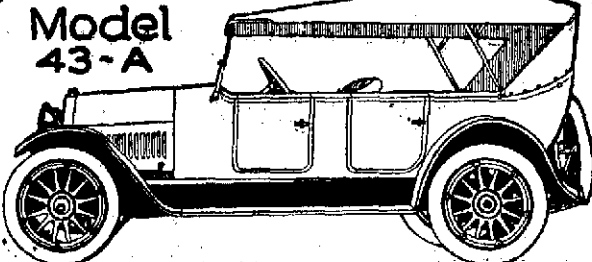

No matter what car you have been intending to buy—  
SEE THIS NEW FRANKLIN.

## THROUGH AT AUTO SHOW SURPRISE TO COAST MAGNATE

Dealers Interpret Interest in  
New Models as Presaging  
Big Spring Trade

One of the most interested of the show visitors last night was Al G. Faulkner, California Marmon distributor and one of the best known automobile men in the country.

Faulkner expressed his enthusiasm over the show in no uncertain terms, declaring that he was amazed at the throng of people which crowded the auditorium.

The special Marmon display in the auditorium was the center of attraction during the evening scores of people being crowded around the exhibit during the evening.

The Marmon chassis held the attention of the visitors while the score card method of comparison which is featured at the show won high approval.

Many of the visitors took score cards with them in order to make more minute comparisons later between the Marmon and other high quality cars which they are considering.

Faulkner in common with several other of the best informed motor men is making plans now to secure enough automobiles to meet the late spring and summer demand which he feels will exceed all expectations.

## SMART LINES OF PHAETON, SEDAN ATTRACT CROWDS

The Janitor had a hard job getting the goggle eyed motor fans away from the Essex Flyer when the lights went out at the automobile show last night so great was the interest taken in this unique feature of the Franklin & Bennett exhibit of Hudson and Essex cars.

From start to finish of the show this car attracted big crowds. G. A. Hamlin was kept busy all evening telling all about the stripped Essex chassis while A. E. Bonita supervised the salesmen's explanations of the other models on display.

In addition to the chassis and the Flyer with its interesting price history of its travels through the Yosemite country all parts of California, Nevada, Arizona and Utah several other Hudson and Essex cars of particularly attractive design were featured.

One of these was the Essex cabriolet with its handy space for three passengers and its general handsome and comfortable lines.

There were two Hudsons. One was a four passenger phaeton of extreme sport lines while the other was a touring sedan with its separate driver's seat. This comfortably housed five passengers exclusive of the driver's seat.

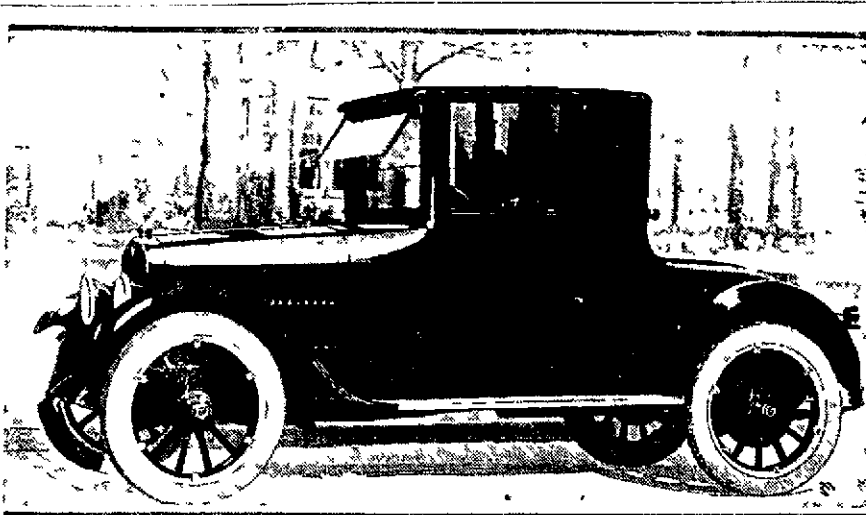

## Mechanic is Burned in Flame From Gas

SAN FRANCISCO Feb. 1.—Walter D. Morse, a mechanic of 1844 Union street, was painfully burned in an explosion early today in the basement of his home when gas escaping from a leaky fixture became ignited supposedly by a spark from crossed electric wires. He was treated by Dr. Gliberson of 1902 Union street.

## Stunts Are Looked For From Expert

Bill Farry of Hebrank Hunter-Pescok Company may pull some stunts during the week there are rumors to that effect anyway and you can never tell what Bill is going to do next.

THE STUDEBAKER LANDAU ROADSTER, A VERY PRETTY NEW MODEL WHICH Weaver-Wells Company have on display at the Oakland Auto Show.

## Sport Car Is Dazzling Light Green Big Brougham Symphony in Gray

Situated right at the entrance to the show the Hyvies exhibit of Philip S. Cole Inc. received a big play. Manager Wallace W. Hall was one of the busiest men inside the Auditorium and so effective was the ensemble of 1921 Hyvies models that numerous comments were heard of its attractiveness as well as on the beauty of the individual body types shown.

Five fine cars were featured within the space. The Hyvies speedster in its dashing speed for red drew many a passing eye and held it while behind it were tastefully

arranged the four passenger sport in its dashing beautiful light green a five passenger brougham done in distinctive gray a four passenger coupe in the Hyvies blue and a seven passenger touring car in maroon. Although there were too many people in the Auditorium last night to do much real business Hall is sure there is a real buying tone to the show visitors and predicts a big lot of selling for the remainder of the week. The big 1921 buying movement that has long been predicted is here at last he is confident and the show is breathing the life with a will.

## C. F. Orra, Studebaker salesman, thanks friends for their aid in making sales record

I want to publicly thank the many friends I have in Alameda County who made it possible for me to sell 175 automobiles during 1920 for the Weaver Wells Co., Studebaker dealers, with whom I am employed as a salesman.

It was the help you generously gave me in telling friends of yours about the good qualities of Studebaker automobiles and your advice that these good people buy a Studebaker from me which enabled me to make so many sales.

This same untiring assistance, from friends is responsible, to a large degree for my record in selling some 600 automobiles for Weaver Wells Co. within a period of 4 1/2 years.

The efforts you have put forth for me have not and will not be forgotten.

C. (CAMILLO) F. ORRA,  
Studebaker Salesman,  
Weaver Wells Co.

P. S.—I will be on duty at the Auto Show most of this week and will be glad to see you.

C. F. ORRA

## NEW RECORD IS SET BY FIRM

Ed Wells, vice president and general manager of the Weaver Wells company distributors of Studebaker automobiles and Day Flyer trucks, who is also president of the Motor Car Dealers Association and chairman of the automobile show committee, was a happy man last night—for two reasons.

First He announced that at the close of business last night the Weaver Wells company recorded the biggest month's business in its entire history.

Second He was informed by The TRIBUNE's automotive editor that the Oakland automobile show attendance last night had almost doubled that of any previous year and that according to visitors to the New York automobile show who have just returned the Oakland automobile show was from many angles far superior to the national show.

Eighty automobiles new and used were sold by the Weaver Wells company during the month of January according to the statement issued last night by Wells.

Don't drive a car yourself without first securing automobile insurance.

## Comedy Adds to Booth Interest All Manner of Fans Ask for Ace

One of the features of the auto show is the new Sheridan car. Another feature is Captain F. A. Rickenbacker, America's ace of aces and now the vice president and general manager of the Sheridan organization on the Pacific Coast.

Half of those who visit the Sheridan booth are anxious to see the car while the other half asks Where is Captain Rickenbacker?

Right over there, politely announces one of the salesmen. I used to live in Ohio, says a portly gentleman. Wonder if he knows any of my folks back there. He then out here, in California so long, myself I am almost a Native Son.

"Addie round?" asks a fresh guy from Los Angeles. Aint seen Jim since the Santa Monica 1918 just before he went over to mix in the big scrap. We used to go around some down in Los.

He didn't was in a mechanic for a bird who drove relief for Eddie Pullen and him and Rick was purty close friends.

Undoubtedly the Captain will be glad to see you, again said Captain Dawson. He never for-

gets friends. And the boy from Los. got a pleasant greeting from the ace of aces although it's a life bet he had never been within a mile of him before.

Aside from the comedy around the Sheridan on opening night there was a lot of real interest shown in the new eight and the attractive four. Here worshipers are to be found always on the job but they were in the minority at the opening performance of the motor show.

There was a continual crowding to the car from all sides and it is safe to say that the Sheridan was one of the big features of the opening night. The new eight attracted much comment (it is favorable and the attractive four came in for a large share of the praise of the public.

**Harness Snaps Are  
Battery Jugglers**

An admirable lifter for use in raising the battery out of the car may be made by having what are known as harness snaps riveted on the ends of a leather strap perhaps an inch wide and a little longer than the battery. When this is

## FERRY PROJECTS ROUSE INTEREST

One of the busiest men of the entire Auto Show last night was Forbes H. Brown, president of the Six Minute Ferry company who presided over the booth of that company at the Auditorium. This is located at an advantageous point in the arcade where practically every visitor passes during the course of doing the show. Practically every person who passed stopped to inquire about the plans for the new ferry.

The immense popular interest in the new automobile ferry between San Francisco and Oakland and the public desire to see it rushed to completion prove to me the real need for it as never before. Stock is selling more rapidly now than ever before. Already they are beginning to take advantage of the booth at the show to book their orders and before the week is out we expect to sign up a good many thousand shares mostly in small lots.

snapped into place it makes a convenient handle for juggling the battery around.

## "BEST FOR THE WEST"

## What Local Owners Say About Their Moreland Trucks

The buying of a truck is a straight business investment.

The man who makes that investment knows better than anyone else whether it is a sound one or not.

Here are a few extracts from letters written by some of the business men in this vicinity who have invested in Moreland trucks:

### American Creamery Co., Oakland, Calif.

This company writes in part: "We have been using two of your 1 1/2-ton trucks, one since the early part of 1916 and the other since the middle part of 1919. Both have been in constant use six days a week since we had them and they have given us little or no trouble worth mentioning and today are in as good condition as ever."

### City of Alameda, Alameda, Calif.

Chief Walter T. Steinmetz of the Alameda Fire Department writes: "The two Moreland combination hose wagons sold to the Alameda Fire Department, one in April, 1916, and the other in April, 1917, are still in service and giving satisfactory service. It may interest you to know that the total expense for repairs for the two trucks, including a new radiator, since they were placed in commission, amounted to \$362.51, a very reasonable figure."

### E. H. Higgins Co., Richmond, Calif.

Manager E. H. Higgins says: "We have operated three of your make of trucks now for four years in and out of all kinds of places and cannot speak too highly of them. We have one 4-ton, one 2 1/2-ton and one 1 1/2-ton. This truck has been running for eight years and is apparently good for as many more years. We feel that there is nothing impossible for these trucks to do and think no one can make a mistake by owning any truck put out by the Moreland Motor Truck Company of Los Angeles."

### Moore Shipbuilding Co., Oakland, Calif.

This company writes that the Moreland trucks are giving perfect satisfaction in every way. Mr. Frank M. Leland says: "There is not a word of fault to be found, in fact nothing but praise for your machines."

These are but a few of the many letters along similar lines received by the company from owners operating under a vast variety of conditions all along the Pacific Coast and in 17 foreign countries.

### Examine the Moreland Trucks at the Auto Show

You will then readily see the reason for the complete satisfaction expressed by the Moreland owners, and why it is universally conceded by men who know trucks and trucking to be "BEST FOR THE WEST."
